

**MONTGOMERY ALPHA PLUS FUND**  
**(On a Liquidation Basis)**

ARSN 613 229 904

**GENERAL PURPOSE FINANCIAL REPORT**  
**FOR THE YEAR ENDED 30 JUNE 2020**

**Montgomery Alpha Plus Fund - ARSN 613 229 904**  
**(On a Liquidation Basis)**

**Directors' Report**

The directors of Fundhost Limited, the Responsible Entity of the Montgomery Alpha Plus Fund (the "Fund"), present their report together with the financial report of the Fund for the year ended 30 June 2020 and the auditor's report thereon.

**Responsible Entity**

The registered office and principal place of business of the Responsible Entity is:

Suite 5.01, Level 5  
28 O'Connell Street  
Sydney NSW 2000

**Directors**

The names of the directors of the Responsible Entity in office at any time during or since the end of the year are:

Valerie Anne Monge  
Paul Ernest Dortkamp  
Robert H Nagel  
Drew Wilson

Directors have been in office since the start of the financial year to the date of this report unless otherwise stated.

**Review and results of operations**

During the year, the Fund continued to invest in accordance with target asset allocations as set out in the governing documents of the Fund and in accordance with the provisions of the Fund's Constitution.

The results of the operations of the Fund are disclosed in the Statement of Comprehensive Income of these financial reports.

	<b>Year ended 30 June</b>	
	<b>2020</b>	<b>2019</b>
	<b>\$'000</b>	<b>\$'000</b>
Net operating loss	(2,857)	(114)
<i>Distributions</i>	-	523
Distributions payable	-	523

**Significant changes in state of affairs**

On 21 April 2020, in accordance with the terms of the Fund's Constitution, the Board of Directors of the Responsible Entity resolved to wind-up the Fund. The wind-up commenced on 21 April 2020 and the Fund was formally wound up on 8 June 2020 when the remaining capital of the Fund was returned to unitholders.

During the period, all units in the Fund were redeemed in the Fund as at 8 June 2020.

**Principal activities**

The principal activity of the Fund during the financial year was the investment and management of securities in accordance with its investment objectives and guidelines as set out in the Product Disclosure Statement (PDS) and in accordance with the provisions of the Constitution.

The Fund did not have any employees during the financial year (2019: nil).

No significant change in the nature of these activities occurred during the financial year (2019: nil).

**Events subsequent to the balance date**

The Fund was wound up on 8 June 2020 and no events occurred subsequent to the balance date.

**Likely developments**

The directors of the Responsible Entity report that the Fund was terminated and wound up on 8 June 2020 when the remaining capital of the Fund was returned to unitholders.

**Montgomery Alpha Plus Fund - ARSN 613 229 904**  
**(On a Liquidation Basis)**

**Directors' Report (cont'd)**

**Interests in the Fund**

The movement in units on issue in the Fund during the year and the number of units in the Fund as at the end of the financial year are disclosed in note 3 of the financial report.

The value of the Fund's assets and liabilities is disclosed in the Statement of Financial Position in accordance with the accounting policies set out in note 1 of the financial report.

**Fees paid to and interests held in the Fund by the Responsible Entity**

Fees paid to the Responsible Entity out of Fund property during the year are disclosed in note 9(a) of the financial report.

The number of interests in the Fund held by the Responsible Entity as at the end of the year are disclosed in note 9(c) of the financial report.

No fees were paid out of Fund property to the directors of the Responsible Entity during the year (2019: nil).

**Environmental regulation**

The Fund's operations are not regulated by any significant environmental regulation under a law of the Commonwealth or of a state or territory.

**Options**

No options over issued units or interests in the Fund were granted during or since the end of the financial year and there were no options granted to the Responsible Entity.

**Indemnities and insurance premiums for officers or auditors**

No indemnities have been given or insurance premiums paid by the Fund, during or since the end of the financial year, for any person who is or has been an officer or auditor of the Fund.

To the extent permitted by law, the Responsible Entity has agreed to indemnify its auditors, Ernst & Young, as part of terms of its audit engagement agreement against claims by third parties arising from the audit (for an unspecified amount). No payment has been made to indemnify Ernst & Young during or since the end of the financial year.

**Proceedings on behalf of the Fund**

No person has applied for leave of Court to bring proceedings on behalf of the Fund or intervene in any proceedings to which the Fund is a party for the purpose of taking responsibility on behalf of the Fund for all or any part of those proceedings.

The Fund was not a party to any such proceedings during the financial year.

**Rounding**

The Fund is an entity to which ASIC Corporations (Rounding in Financial/Directors' Reports) Instrument class order 2016/191 applies. Accordingly, amounts in the financial statements have been rounded to the nearest thousand dollars, unless otherwise indicated.

**Auditor's independence declaration**

A copy of the auditor's independence declaration as required under section 307C of the Corporations Act 2001 is set out on page 4.

Signed in accordance with a resolution of the Board of Directors:

Drew Wilson  
Director

Dated this 16th day of September 2020

## **Auditor's Independence Declaration to the Directors of Fundhost Limited**

As lead auditor for the audit of the financial report of Montgomery Alpha Plus Fund for the financial year ended 30 June 2020, I declare to the best of my knowledge and belief, there have been:

- a) no contraventions of the auditor independence requirements of the *Corporations Act 2001* in relation to the audit; and
- b) no contraventions of any applicable code of professional conduct in relation to the audit.

*Ernst & Young*

**(On a Liquidation Basis)**

**Notes to the Financial Statements**  
**For the year ended 30 June 2020**

**Note 1. Statement of Significant Accounting Policies**

This financial report covers the Montgomery Alpha Plus Fund (the "Fund") as an individual entity.

The Fund is a registered investment scheme under the Corporations Act 2001. The financial report of the Fund is for the year ended 30 June 2020. The Fund was constituted as a registered scheme on 8 July 2016 with Australian Securities & Investments Commission ("ASIC") and commenced operations on 1 August 2016.

The financial report was approved by the Board of Directors of the Responsible Entity on 16 September 2020.

**Basis of preparation**

The financial report is a general purpose financial report that has been prepared in accordance with Australian Accounting Standards, other authoritative pronouncements of the Australian Accounting Standards Board ("AASB"), Australian Accounting Interpretations, and the Corporations Act 2001.

On 21 April 2020, the Responsible Entity decided to wind down the Fund. Applications into, and redemptions from, the Fund were no longer accepted on and from 21 April 2020. The Fund was formally wound up on 8 June 2020 when the remaining capital of the Fund was returned to unitholders.

The financial report is not prepared on a going concern basis as the Fund ceased operating on 8 June 2020. As such, the financial statements have been prepared on a liquidation basis.

The principal accounting policies applied in the preparation of these financial statements are set out below. These policies have been consistently applied to all years presented, unless otherwise stated in the following notes.

On the face of the Statement of Financial Position all assets and liabilities are presented in decreasing order of liquidity and not distinguished between current and non-current.

The Fund is a for-profit unit trust for the purpose of preparing the financial report.

The Fund is an entity to which ASIC Corporations (Rounding in Financial/Directors' Reports) Instrument class order 2016/191 applies. Accordingly, amounts in the financial statements have been rounded to the nearest thousand dollars, unless otherwise indicated.

*(i) Compliance with International Financial Reporting Standards (IFRS)*

The financial report complies with Australian Accounting Standards as issued by the Australian Accounting Standards Board and International Financial Reporting Standards as issued by the International Accounting Standards Board.

*(ii) Use of estimates and judgements*

The making of judgments, estimates and assumptions is a necessary part of the financial reporting process and these judgments, estimates or assumptions can have a significant effect on the reported amounts of the financial report. Estimates and assumptions are determined based on information available at the time of reporting the financial report and actual results may differ from these estimates and assumptions. Had different estimates and assumptions been adopted, this may have had a significant impact on the financial report. Significant accounting estimates, judgments and assumptions are re-evaluated at each balance date in light of historical experience and changes to reasonable expectations of future events. Revisions to accounting estimates are recognised in the period which estimate is revised in future period affected. Significant accounting judgments, estimates and assumptions include but are not limited to:

• *Fair value measurement of investments in financial instruments*

The majority of the Fund's investments are listed equities measured at fair value through profit or loss. Where available, quoted market prices for the same or similar instrument are used to determine fair value. Where there is no market price available for an instrument, a valuation technique is used. Judgment is applied in selecting valuation techniques and setting valuation assumptions and inputs. Further details on the determination of fair value of financial assets and derivative financial instruments set out in note 1(a).

**a. Financial Instruments**

**(i) Recognition/derecognition**

The Fund recognises financial assets and financial liabilities on the date it becomes party to the contractual agreement (trade date) and recognises changes in fair value of the financial assets or financial liabilities from this date. Investments are derecognised when the right to receive cash flows from the investments have expired or the Fund has transferred substantially all risks and rewards of ownership.

**Notes to the Financial Statements**  
**For the year ended 30 June 2020**

**Note 1. Statement of Significant Accounting Policies (cont'd)**

**a. Financial Instruments (cont'd)**

(ii) Classification

In accordance with AASB 9, the Fund classifies its financial assets and financial liabilities at initial recognition into the categories of financial assets discussed below.

**Financial Assets**

The Fund classifies its financial assets as subsequently measured at amortised cost or measured at fair value through profit or loss on the basis of both:

- The entity's business model for managing the financial assets
- The contractual cash flow characteristics of the financial asset

**Financial assets measured at fair value through profit or loss (FVPL)**

*A financial asset is measured at fair value through profit or loss if:*

- Its contractual terms do not give rise to cash flows on specified dates that are solely payments of principal and interest on the principal amount outstanding;
- It is not held within a business model whose objective is either to collect contractual cash flows, or to both collect contractual cash flows and sell; or
- At initial recognition, it is irrevocably designated as measured at FVPL when doing so eliminates or significantly reduces a measurement or recognition inconsistency that would otherwise arise from measuring assets or liabilities or recognising the gains and losses on them on different bases.

The equity securities are mandatorily classified as fair value through profit or loss.

*In applying that classification, a financial asset or financial liability is considered to be held for trading if it is:*

- acquired or incurred principally for the purpose of selling or repurchasing it in the near term;
- on initial recognition, it is part of a portfolio of identified financial instruments that are managed together and for which, there is evidence of a recent actual pattern of short-term profit-taking; or
- it is a derivative (except for a derivative that is a financial guarantee contract or a designated and effective hedging instrument).

**Financial assets measured at amortised cost**

A debt instrument is measured at amortised cost if it is held within a business model whose objective is to hold financial assets in order to collect contractual cash flows and its contractual terms give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. The Fund includes in this category short-term non-financing receivables.

**Financial Liabilities**

**Financial liabilities measured at FVPL**

A financial liability is measured at FVPL if it meets the definition of held for trading. Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss. Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term. This category also includes derivative financial instruments entered into by the Fund that are not designated as hedging instruments in hedge relationships as defined. The Fund includes in this category derivative contracts in a liability position.

The derivatives are mandatorily classified as fair value through profit or loss.

**Financial liabilities measured at amortised cost**

This category includes all financial liabilities, other than those measured at fair value through profit or loss. The Fund includes in this category short-term payables.

(iii) Measurement

- *Financial assets and liabilities held at fair value through profit or loss*

Financial assets and liabilities held at fair value through profit or loss are measured initially at fair value excluding any transaction costs that are directly attributable to the acquisition or issue of the financial asset or financial liability. Transaction costs on financial assets and financial liabilities at fair value through profit or loss are expensed immediately. Subsequent to initial recognition, all instruments held at fair value through profit or loss are measured at fair value with changes in their fair value recognised in the Statement of Comprehensive Income.

**Montgomery Alpha Plus Fund - ARSN 613 229 904**  
**(On a Liquidation Basis)**

**Notes to the Financial Statements**  
**For the year ended 30 June 2020**

**Note 1. Statement of Significant Accounting Policies (cont'd)**

**a. Financial Instruments (cont'd)**

(iii) Measurement (cont'd)

• *Fair value in an active market*

The fair value of financial assets and liabilities traded in active markets is based on their quoted market prices at the Statement of Financial Position date without any deduction for estimated future selling costs. Financial assets are priced at last sale prices, while financial liabilities are priced at current asking prices. For the majority of its investments, the Fund relies on information provided by independent pricing services for the valuation of its investments.

• *Fair value in an inactive or unquoted market*

The fair value of financial assets and liabilities that are not traded in an active market is determined using valuation techniques. These include the use of recent arm's length market transactions, reference to the current fair value of a substantially similar other instrument, discounted cash flow techniques, option pricing models or any other valuation technique that provides a reliable estimate of prices obtained in actual market transactions.

Where discounted cash flow techniques are used, estimated future cash flows are based on management's best estimates and the discount rate used is a market rate at the balance date applicable for an instrument with similar terms and conditions.

For other pricing models, inputs are based on market data at the balance date. Fair values for unquoted equity investments are estimated, if possible, using applicable price/earnings ratios for similar listed companies adjusted to reflect the specific circumstances of the issuer.

**b. Impairment of assets**

AASB 9 requires the Fund to record an allowance for expected credit losses (ECLs) for all loans and other financial assets not held at fair value through profit and loss.

The Fund holds trade receivables with no financing component and which have maturities of less than 12 months at amortised cost and, as such, has chosen to apply the simplified approach for expected credit losses (ECL) under AASB 9 to all its trade receivables. Therefore the Fund does not track changes in credit risk, but instead recognises a loss allowance based on lifetime ECLs at each reporting date.

**c. Investment income and expenses**

Unrealised gains and losses on revaluation of investments to fair value, are recognised in the Statement of Comprehensive Income.

Realised gains and losses on sale are recognised as investment income in the Statement of Comprehensive Income. Gross proceeds from sale of investments are disclosed in the Statement of Cash Flows.

Dividend income is recognised on a receivable basis on the date the shares are quoted ex-dividend. Distributions from property trusts and unit trusts are recognised as income in the Statement of Comprehensive Income when declared.

Interest income and expenses are recognised in the Statement of Comprehensive Income for all financial instruments that are not held at fair value through profit or loss using the effective interest method. Interest income on assets held at fair value through profit or loss is included in the net gains/(losses) on financial instruments. Other changes in fair value for such instruments are recorded in accordance with the policies described in note 1(a).

Where the Fund sells a security it does not own in anticipation of a decline in the market price of such securities, the Fund will borrow the security sold in order to make delivery to the buyer. The Fund recognises a realised gain or loss when the short position is closed out and the borrowed security is returned. Until the security is replaced, the Fund is required to make compensation payments to the lender and this is recognised as an expense by the Fund.

All expenses including management fees are recognised on an accrual basis in the Statement of Comprehensive Income.

**Montgomery Alpha Plus Fund - ARSN 613 229 904**  
**(On a Liquidation Basis)**

**Notes to the Financial Statements**  
**For the year ended 30 June 2020**

**Note 1. Statement of Significant Accounting Policies (cont'd)**

**d. Foreign currency translation**

(ii) Functional and presentation currency

Items included in the Fund's financial statements are measured using the currency of the primary economic environment in which it operates (the "functional currency"). This is the Australian dollar, which reflects the currency of the economy in which the Fund competes for funds and is regulated. The Australian dollar is also the Fund's presentation currency.

(iii) Transactions and balances

Foreign currency transactions are translated into the functional currency using the exchange rates prevailing at the dates of the transactions. Monetary assets and liabilities denominated in foreign currencies are translated into Australian dollars at the exchange rate at the reporting date. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rate at the reporting date. The foreign exchange gains and losses resulting from these translations are recognised in the Statement of Comprehensive Income.

The Fund does not isolate that portion of gains or losses on securities and derivative financial instruments that are measured at fair value through profit or loss and which is due to changes in foreign exchange rates from that which is due to changes in the market price of securities. Such fluctuations are included with the net gains or losses on financial instruments at fair value through profit or loss in the Statement of Comprehensive Income.

**e. Management fees**

In accordance with the Constitution, the Fund's managers are entitled to a management fee of 1.48% per annum of the value of the Fund payable on a monthly basis for managing the assets of the Fund. There is also an expense recovery of up to 0.07% per annum of net assets.

**f. Performance fees**

The Fund's managers are also entitled to a performance fee when the investment performance of the Fund has exceeded the hurdle, being the performance of the RBA Cash Rate. This is provided the "high watermark" has been exceeded. The method of calculating the fee is detailed in the Constitution and summarised in the current PDS.

The Fund has not achieved the performance hurdles during the period and hence has not accrued for performance fees.

**g. Income tax**

Under current legislation, the Fund is not subject to income tax since the Fund elected into the AMIT tax regime and unitholders will be attributed the income of the Fund.

**h. Distributions**

Distributions are at the discretion of the Fund. A distribution to the Fund's unitholders is accounted for as a deduction from equity.

Distributions to unitholders comprise the net distributable income of the Fund. The distributions (if any) are payable at the end of June each year.

**i. Goods and services tax (GST)**

The GST incurred on the costs of various services provided to the Fund by third parties such as audit fees, custodial services and investment management fees have been passed onto the Fund. The Fund qualifies for Reduced Input Tax Credits (RITC) at a rate of 75% (55% on Responsible Entity fees) hence investment management fees, administration fees, custodial fees and other expenses have been recognised in the Statement of Comprehensive Income net of the amount of GST recoverable from the Australian Taxation Office (ATO). Accounts payable are inclusive of GST. The net amount of GST recoverable from the ATO is included in receivables in the Statement of Financial Position. Cash flows relating to GST are included in the Statement of Cash Flows on a gross basis.

**j. Cash and cash equivalents**

Cash and cash equivalents comprises cash on hand and at call deposits with banks or financial institutions, investments in money market instruments with original maturities of less than three months and net of bank overdrafts.

**k. Receivables**

Receivables may include amounts for dividends, interest and trust distributions. Dividends and trust distributions are accrued when the right to receive payment is established. Interest is accrued at the reporting date from the time of last payment. Amounts are generally received within 30 days of being recorded as receivables.

**Montgomery Alpha Plus Fund - ARSN 613 229 904**  
**(On a Liquidation Basis)**

**Notes to the Financial Statements**  
**For the year ended 30 June 2020**

**Note 1. Statement of Significant Accounting Policies (cont'd)**

**I. Payables**

Trade payables and other accounts payable are recognised when the Fund becomes obliged to make future payments resulting from the purchase of goods and services. The distribution amount payable to unitholders as at the reporting date is recognised separately on the Statement of Financial Position when declared by the Fund and remain unpaid as at year end.

**m. Due from/to brokers**

Amounts due from/to brokers represent payables for securities purchased and receivables for securities sold that have been contracted for but not yet delivered by the end of the year. Trades are recorded on trade date, and normally settled within three business days.

**n. Equity**

Quantitative information about the Fund's capital is provided in the statement of changes in equity. The units are entitled to distributions when declared and to payment of a proportionate share of the Fund's net asset value on the redemption date or upon winding up of the Fund. A reconciliation of the number of units outstanding at the beginning and the end of each reporting period is provided in note 3.

**o. Exit price**

The unit exit price is calculated in accordance with the Constitution of the Fund and is determined by the value of the assets of the Fund less its liabilities adjusted for estimated transaction costs, divided by the number of units on issue.

**p. Applications and redemptions**

Applications received for units in the Fund are recorded net of any entry fees payable prior to the issue of units in the Fund. No exit fees are charged. Unit redemption prices are determined by reference to the net assets of the Fund divided by the number of units on issue at or immediately prior to close of business each day.

**q. New standards and interpretations adopted**

The Fund applied for the first time certain accounting standards and amendments, which are effective for annual periods beginning on 1 January 2019 and therefore applies to the Fund from 1 July 2019. The Fund has not early adopted any other standard, interpretation or amendment that has been issued but is not yet effective.

Although these new standards and amendments were applied for the first time for the year ended 30 June 2020, they did not have a material impact on the financial statements of the Fund. The nature of each new standard or amendment applicable to the Fund is described as follows:

**AASB Interpretation 23 Uncertainty over Income Tax Treatment**

The interpretation addresses the accounting for income taxes when tax treatments involve uncertainty that affects the application of AASB 112 Income Taxes ("AASB 112") and does not apply to taxes or levies outside the scope of AASB 112, nor does it specifically include requirements relating to interest and penalties associated with uncertain tax treatments.

The interpretation specifically addresses the following:

- Whether an entity considers uncertain tax treatments separately;
- The assumptions an entity makes about the examination of tax treatments by taxation authorities;
- How an entity determines taxable profit (tax loss), tax bases, unused tax losses, unused tax credits and tax rates; and
- How an entity considers changes in facts and circumstances.

A Fund has to determine whether to consider each uncertain tax treatment separately or together with one or more other uncertain tax treatments. The approach that better predicts the resolution of the uncertainty should be followed. The interpretation is effective for annual reporting periods beginning on or after 1 January 2019, but certain transition reliefs are available.

The Fund is not subject to income tax. The Fund currently incurs withholding taxes imposed by certain countries on investment income and capital gains. Such income and gains are recorded net of withholding taxes in the Statement of Comprehensive Income.

**r. New standards and interpretations not yet adopted**

*Australian Accounting Standards issued but not yet effective*

There are no new Australian accounting standards or amendments issued but not yet effective that are expected to have a material impact on the Fund.

An overview of the risk exposures relating to financial assets at fair value through profit or loss is included in note 11.

In the normal course of business, the Fund enters into transactions in various derivative financial instruments which have certain risks. A derivative is a financial instrument or other contract which is settled at a future date and whose value changes in response to the change in a specified interest rate, financial instrument price, commodity price, foreign exchange rate, index of prices or rates, credit rating or credit index or other variable.

Derivative financial instruments require no initial net investment or an initial net investment that is smaller than would be required for other types or contracts that would be expected to have a similar response to changes in market factors.

Derivative transactions include many different instruments such as forwards, futures and options. Derivatives are considered to be part of the investment process and the use of derivatives is an essential part of the Fund's portfolio management.

The Fund held the following derivative instruments during the year and in the prior year:

**a. Forward currency contracts**

Forward currency contracts are primarily used by the Fund to hedge against foreign currency exchange rate risks on its non-Australian dollar denominated trading securities. The Fund agrees to receive or deliver a fixed quantity of foreign currency for an agreed upon price on an agreed future date. Forward currency contracts are valued at the prevailing bid price at the reporting date. The Fund recognises a gain or loss equal to the change in fair value at the reporting date.

**Note 8. Cash flow information**

	<b>2020</b>	<b>2019</b>
	<b>\$'000</b>	<b>\$'000</b>
<b>a. Reconciliation of cash and cash equivalents</b>		
Cash balance comprises:		
Cash at bank	-	13,568
Total cash and cash equivalents	-	13,568
<b>b. Reconciliation of net operating income to cash flows from operating activities</b>		
Net operating loss	(2,857)	(114)
Net losses on investments in financial assets and financial liabilities held at fair value through profit or loss	2,476	153
Net losses / (gains) from foreign exchange movements	98	(52)
Changes in assets and liabilities:		
Decrease / (increase) in receivables	188	(46)
Decrease in payables	(110)	(7)
Net cash outflow from operating activities	(205)	(66)

Non-cash items relating to reinvestment of distributions paid are included in note 3. There were no other non-cash items.

**(On a Liquidation Basis)**

**Notes to the Financial Statements**  
**For the year ended 30 June 2020**

**Note 9. Related Party Disclosures**

**a. Fundhost Limited - fees**

Fundhost Limited (ACN 092 517 087) as Responsible Entity of the Montgomery Alpha Plus Fund provides services to the Fund in accordance with the Fund's Constitution. Transactions with the Responsible Entity have taken place on normal commercial terms and conditions.

During the year the following amounts were paid to the Responsible Entity:

	2020	2019
	\$	\$
Management fees	22,320	84,880

The amounts due and payable at 30 June to the Responsible Entity in accordance with the Constitution were:

	2020	2019
	\$	\$
Management fees	-	2,572

**b. Montgomery Quantitative Management Pty Limited - fees**

Montgomery Quantitative Management Pty Limited (ABN 72 628 254 357), as Investment Manager of the Montgomery Alpha Plus Fund, provides services to the Fund in accordance with the Fund's Constitution. Transactions with the Investment Manager have taken place on normal commercial terms and conditions.

During the year the following amounts were paid to the Investment Manager:

	2020	2019
	\$	\$
Management fees	154,070	163,903

The amounts due and payable at 30 June to the Investment Manager in accordance with the Constitution were:

	2020	2019
	\$	\$
Management fees	-	17,863

No performance fee was paid or payable to the Investment Manager in the financial year (2019: nil).

**c. Fundhost Limited - Key Management Personnel**

Fundhost Limited as Responsible Entity and Montgomery Quantitative Management Pty Limited as Investment Manager are considered key management personnel. The Fund does not employ personnel in its own right.

The Directors of Fundhost Limited, the Responsible Entity, during the year were:

Valerie Anne Monge  
Paul Ernest Dortkamp  
Robert H Nagel  
Drew Wilson

There were no other persons with responsibility for planning, directing and controlling the activities of the Fund, directly or indirectly during the year (2019: nil).

There were no units held in the Montgomery Alpha Plus Fund by the Responsible Entity and by Directors and their respective related parties (2019: nil).

Key management personnel are paid by Fundhost Limited. Payments made from the Fund to Fundhost Limited do not include any amounts attributable to the compensation of key management personnel.

The Fund has not made, guaranteed or secured, directly or indirectly, any loans to the key management personnel or their personally related entities at any time during the reporting year (2019: nil).

There are no post-employment benefits paid to a director or key management personnel of the Responsible Entity (2019: nil).

Apart from those details disclosed in this note, no key management personnel have entered into a material contract with the Fund during the year and there were no material contracts involving director's interests existing at year end.

Tax services	4,050	6,950
Compliance plan audit	4,000	3,700
	18,450	25,450

**Note 11. Financial risk management**

The Fund's activities expose it to a variety of financial risks: market risk (including price risk, foreign exchange risk and interest rate risk), credit risk and liquidity risk.

The Fund's overall risk management programme focuses on ensuring compliance with the Fund's PDS and seeks to maximise the returns derived for the level of risk to which the Fund is exposed. Financial risk management is carried out by the investment management team at Montgomery Quantitative Management Pty Limited.

The Fund uses derivative financial instruments to moderate and create certain risk exposures. The Fund uses different methods to measure different types of risks to which it is exposed. These methods include sensitivity analysis in the case of price risks. Compliance with the Fund's PDS is reported to the Fundhost Limited Board on a monthly basis.

**a. Market risk**

**(i) Price risk**

The Fund is exposed to equity securities and derivative securities price risk. This arises from investments held by the Fund for which prices in the future are uncertain. Where non-monetary financial instruments are denominated in currencies other than the Australian dollar, the price in the future will also fluctuate because of changes in foreign exchange rates. Investments are classified on the Statement of Financial Position as financial assets held at fair value through profit or loss. All securities investments present a risk of loss of capital. The maximum risk resulting from financial instruments is determined by the fair value of the financial instruments.

The Investment Manager mitigates this price risk through diversification and a careful selection of securities and other financial instruments within specified limits set by the PDS. The Fund invests in securities, including property trusts and hybrids, listed on the Australian Securities Exchange and international stock exchanges.

**Montgomery Alpha Plus Fund - ARSN 613 229 904**  
(On a Liquidation Basis)

**Notes to the Financial Statements**  
**For the year ended 30 June 2020**

**Note 11. Financial risk management (cont'd)**

**a. Market risk (cont'd)**

(i) Price risk (cont'd)

The Fund is exposed, particularly through its equity portfolio, to concentration and market risks influencing investment valuations. These market risks include changes in a company's internal operations or management, economic factors and also relate to changes in taxation policy, monetary policy, interest rates and statutory requirements.

The table on page 20 summarises the impact of an increase/decrease in the market value of the share portfolio on the Fund's equity at 30 June and profit from operating activities. The analysis is based on the assumptions that the security prices increased/decreased by 10% with all other variables held constant and that the fair value of the Fund's portfolio moved according to this.

(ii) Interest rate risk

The Fund's interest bearing financial assets expose it to risks associated with the effects of fluctuations in the prevailing level of market interest rates on its financial position and cash flows.

The Fund's exposure to interest rate risk, which is the risk that a financial instrument's value will fluctuate as a result of changes in market interest rates and the effective weighted average interest rates on classes of financial assets, is as follows:

	Impact on operating profit		Equity	
	Higher/(Lower)		Higher/(Lower)	
	2020	2019	2020	2019
	\$'000	\$'000	\$'000	\$'000
Interest rate increase +1%	-	136	-	136
Interest rate decrease -1%	-	(136)	-	(136)

	Weighted Average		Floating		Non Interest		Total	
	Effective Interest		Interest Rate		Bearing			
	2020	2019	2020	2019	2020	2019	2020	2019
	%	%	\$'000	\$'000	\$'000	\$'000	\$'000	\$'000
<b>Financial Assets:</b>								
Cash and cash equivalents	-	0.98	-	13,568	-	-	-	13,568
Receivables			-	-	-	451	-	451
Financial assets held at fair value through profit or loss			-	-	-	27,286	-	27,286
<b>Total Financial Assets</b>			-	13,568	-	27,737	-	41,305
<b>Financial Liabilities (excluding unitholder funds):</b>								
Payables			-	-	-	383	-	383
Distribution payable			-	-	-	523	-	523
Financial liabilities held at fair value through profit or loss			-	-	-	24,386	-	24,386
<b>Total Financial Liabilities</b>			-	-	-	25,292	-	25,292
<b>Net exposure</b>			-	13,568	-	2,445	-	16,013

(iii) Foreign exchange risk

The fund does not have any direct exposure to foreign exchange risk.

The Fund holds monetary assets denominated in currencies other than the Australian dollar. Foreign exchange risk arises as the value of monetary securities denominated in other currencies will fluctuate due to changes in exchange rates.

The Fund invests in Australian and overseas stock exchanges, giving the Fund exposure to exchange risk. This risk is managed by strategically setting the Fund's foreign currency exposure to reflect the Investment Manager's medium to long term expectations within the mandate as set out in the PDS. However, for accounting purposes, the Fund does not designate any derivatives as hedges in a hedging relationship, and hence these derivative financial instruments are classified as at fair value through profit or loss.

**Montgomery Alpha Plus Fund - ARSN 613 229 904**  
(On a Liquidation Basis)

**Notes to the Financial Statements**  
**For the year ended 30 June 2020**

**Note 11. Financial risk management (cont'd)**

**a. Market risk (cont'd)**

(iii) Foreign exchange risk (cont'd)

The table below summarises the Fund's assets and liabilities that are denominated in a currency other than the Australian dollar.

**30 June 2020**

	USD	GBP	CAD	EUR	HKD	SEK	CNY	CHF	DKK	Total
	\$'000	\$'000	\$'000	\$'000	\$'000	\$'000	\$'000	\$'000	\$'000	\$'000
<b>Monetary</b>										
Cash and cash equivalents	-	-	-	-	-	-	-	-	-	-
Receivables	-	-	-	-	-	-	-	-	-	-
Payables	-	-	-	-	-	-	-	-	-	-
<b>Non-monetary</b>										
Financial assets held at fair value through profit or loss	-	-	-	-	-	-	-	-	-	-
Derivatives	-	-	-	-	-	-	-	-	-	-

**30 June 2019**

	USD	GBP	JPY	EUR	HKD	SEK	CNY	CHF	DKK	Total
	\$'000	\$'000	\$'000	\$'000	\$'000	\$'000	\$'000	\$'000	\$'000	\$'000
<b>Monetary</b>										
Cash and cash equivalents	8,846	565	(57)	(2,071)	(398)	640	-	(303)	(309)	6,913
Receivables	24	3	17	-	361	-	5	-	-	410
Payables	(1)	(7)	(6)	(8)	(308)	-	-	-	-	(330)
<b>Non-monetary</b>										
Financial assets held at fair value through profit or loss	311	(574)	276	2,039	509	(762)	-	262	289	2,350
Derivatives	46	-	-	-	-	-	-	-	-	46

The table on page 20 shows the Fund's sensitivity to exchange rate fluctuations on its monetary assets. The analysis is based on the assumption that the Australian dollar weakened and strengthened by 10% against foreign currencies to which the Fund is exposed.

**b. Liquidity risk**

Liquidity risk is defined as the risk that the Fund will encounter difficulty in meeting obligations associated with financial liabilities. Liquidity risk arises because of the possibility that the Fund could be required to pay its liabilities earlier than expected. The Fund is exposed to cash redemption of its redeemable units on a regular basis. Units are redeemable at the holder's option based on the Fund's net asset value per unit at the time of redemption calculated in accordance with the Fund's

All financial liabilities have maturity term within a month, other than net assets attributable to unitholders described below.

Normally once Fundhost Limited decides the unitholder can withdraw their money, it takes 5 business days to process the request (although the Constitution for the Fund allows a reasonable period, which could be longer), and funds are then paid to the unitholder in accordance with instructions.

As at 30 June 2020, all liabilities of the Fund have been settled in full.

**Montgomery Alpha Plus Fund - ARSN 613 229 904**  
(On a Liquidation Basis)

**Notes to the Financial Statements**  
**For the year ended 30 June 2020**

**Note 11. Financial risk management (cont'd)**

**b. Liquidity risk (cont'd)**

The table below analyses the Fund's derivative financial instruments (forward foreign exchange contracts) that will be settled on a gross basis into relevant maturity groupings based on the remaining period to the contractual maturity date at the year end date. The amounts disclosed in the table are the contractual undiscounted cash flows.

	Less than 1 month	1 – 6 months	6 – 12 months	1 – 2 years	Total
	\$'000	\$'000	\$'000	\$'000	\$'000
<b>30 June 2020</b>					
Inflows	-	-	-	-	-
(Outflows)	-	-	-	-	-
	Less than 1 month	1 – 6 months	6 – 12 months	1 – 2 years	Total
	\$'000	\$'000	\$'000	\$'000	\$'000
<b>30 June 2019</b>					
Inflows	-	46	-	-	46
(Outflows)	-	-	-	-	-

The Fund manages its net assets as capital. The amount of net assets can change significantly on a daily basis as the Fund is subject to daily applications and redemptions at the discretion of unitholders.

The Fund monitors the level of daily applications and redemptions relative to the liquid assets in the Fund. The Fund holds a long and short portfolio of listed Australian and international companies of similar value and cash.

**c. Credit risk**

Credit risk primarily arises from investments in debt securities and from trading derivative products. The Fund's exposure to credit risk arises from potential default of the counterparty, with a maximum exposure equal to the carrying amount of the financial assets. Other credit risk arises from cash and cash equivalents, deposits with banks and other financial institutions and amounts due from brokers. None of these assets are impaired or past due (2019: nil). As at 30 June 2020, the Fund has received settlement of all of its receivables. The Fund does not invest in debt securities.

The carrying amount of financial assets approximates fair value as at the reporting date. The Fund trades only with recognised, creditworthy third parties, and as such collateral is not requested nor is it the Fund's policy to securitise its trade and other receivables.

**d. Summarised sensitivity analysis**

The following table summarises the sensitivity of the Fund's operating profit and net assets attributable to unitholders to foreign exchange risk and other price risk.

The reasonably possible movements in the risk variables have been determined based on management's best estimate, having regard to a number of factors, including historical levels of changes in foreign exchange rates, historical correlation of the Fund's investments with the relevant benchmark and market volatility. However, actual movements in the risk variables may be greater or less than anticipated due to a number of factors, including unusually large market shocks resulting from changes in the performance of the economies, markets and securities in which the Fund invests. As a result, historic variations in risk variables are not a definitive indicator of future variations in the risk variables.

	Impact on operating profit		Equity	
	Higher/(Lower)		Higher/(Lower)	
	2020	2019	2020	2019
	\$'000	\$'000	\$'000	\$'000
<b>Market value changes</b>

Share portfolio value -10%	-	(290)	-	(290)
<b>Exchange rate changes</b>				
Exchange rate +10%	-	(854)	-	(854)
Exchange rate -10%	-	1,043	-	1,043

**Montgomery Alpha Plus Fund - ARSN 613 229 904**  
(On a Liquidation Basis)

**Notes to the Financial Statements**  
**For the year ended 30 June 2020**

**Note 12. Fair value of financial instruments**

Financial instruments carried at fair value are categorised under a three level hierarchy, reflecting the availability of observable market inputs when estimating the fair value. If different levels of inputs are used to measure a financial instrument's fair value, the classification within the hierarchy is based on the lowest level input that is significant to the fair value measurement. The three levels are:

Level 1: Valued using quoted prices in active markets for identical assets or liabilities. These quoted prices represent actual and regularly occurring market transactions on an arm's length basis.

Level 2: Valued using inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly (as prices) or indirectly (derived from prices), including: quoted prices in active markets for similar assets or liabilities, quoted prices in markets in which there are few transactions for identical or similar assets or liabilities, and other inputs that are not quoted prices but are observable for the asset or liability. The prices for the Fund are based on redemption unit prices quoted by the investment or trustee.

Level 3: Valued in whole or in part using valuation techniques or models that are based on unobservable inputs that are neither supported by prices from observable current market transactions in the same instrument nor are they based on available market data. Unobservable inputs are determined based on the best information available, which might include the Fund's own data, reflecting the Fund's own assumptions about the assumptions that market participants would use in pricing the asset or liability. Valuation techniques are used to the extent that observable inputs are not available.

The following table shows an analysis of financial instruments held at the balance date, recorded at fair value by level of the fair value hierarchy:

<b>30 June 2020</b>	<b>Level 1</b>	<b>Level 2</b>	<b>Level 3</b>	<b>Total</b>
	<b>\$'000</b>	<b>\$'000</b>	<b>\$'000</b>	<b>\$'000</b>
Listed equity securities - long positions	-	-	-	-
Derivatives	-	-	-	-
Listed equity securities - short positions	-	-	-	-
<b>Total</b>	-	-	-	-
<b>30 June 2019</b>	<b>Level 1</b>	<b>Level 2</b>	<b>Level 3</b>	<b>Total</b>
	<b>\$'000</b>	<b>\$'000</b>	<b>\$'000</b>	<b>\$'000</b>
Listed equity securities - long positions	27,240	-	-	27,240
Derivatives	-	46	-	46
Listed equity securities - short positions	(24,386)	-	-	(24,386)
<b>Total</b>	<b>2,854</b>	<b>46</b>	<b>-</b>	<b>2,900</b>

There were no movements between level 1, 2 or 3 during 2020 (2019: nil).

As at 30 June 2020, all investments held by the Fund have been realised.

**Note 13. Commitments and contingencies**

There were no commitments nor contingent assets and liabilities as at 30 June 2020 (2019: nil).

**Note 14. Events subsequent to balance date**

No matters or circumstances have arisen since the reporting date which would impact on the financial position of the Fund as at 30 June 2020 or on the results and cash flows of the Fund for the period ended on that date.

**Montgomery Alpha Plus Fund - ARSN 613 229 904**  
**(On a Liquidation Basis)**

**Directors' Declaration**

In accordance with a resolution of the Directors of the Responsible Entity of Montgomery Alpha Plus Fund (the "Fund"), I state that:

In the opinion of the Directors:

- (a) The financial statements and notes are prepared in accordance with the *Corporations Act 2001*, including:
  - i) complying with Australian Accounting Standards and the *Corporations Regulations 2001*; and
  - ii) giving a true and fair view of the Fund's financial position as at 30 June 2020 and of its performance for the year ended on that date;
- (b) the financial statements and notes also comply with International Financial Reporting Standards as disclosed in note 1;
- (c) there are reasonable grounds to believe that the Fund will be able to pay its debts as and when they become due and payable.

On behalf of the Board

## **Independent Auditor's Report to the unitholders of Montgomery Alpha Plus Fund**

### **Opinion**

We have audited the financial report of Montgomery Alpha Plus Fund (the "Fund"), which comprises the statement of financial position as at 30 June 2020, the statement of comprehensive income, statement of changes in equity and statement of cash flows for the year then ended, notes to the financial statements, including a summary of significant accounting policies, and the directors' declaration.

In our opinion, the accompanying financial report of Montgomery Alpha Plus Fund is in accordance with the *Corporations Act 2001*, including:

- a) giving a true and fair view of the Montgomery Alpha Plus Fund's financial position as at 30 June 2020 and of its financial performance for the year ended on that date; and
- b) complying with Australian Accounting Standards and the *Corporations Regulations 2001*.

### **Basis for Opinion**

We conducted our audit in accordance with Australian Auditing Standards. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Report* section of our report. We are independent of the Fund in accordance with the auditor independence requirements of the *Corporations Act 2001* and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants (including Independence Standards)* (the "Code") that are relevant to our audit of the financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

### **Emphasis of Matter - Basis of Accounting**

We draw attention to Note 1 of the financial report, which describes the basis of accounting. The wind-up of the Registered Scheme commenced on 21 April 2020 and the Fund was formally wound up on 8 June 2020. As a result, the financial report has been prepared on a liquidation basis. Our opinion is not modified in respect of this matter.

### **Information Other than the Financial Report and Auditor's Report Thereon**

The directors of Fundhost Limited as the Responsible Entity of the Fund (the "Responsible Entity") are responsible for the other information. The other information is the directors' report accompanying the financial report.

Our opinion on the financial report does not cover the other information and accordingly we do not express any form of assurance conclusion thereon.

## Information Other than the Financial Report and Auditor's Report Thereon (cont.)

In connection with our audit of the financial report, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial report or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

## Responsibilities of the Directors for the Financial Report

The directors of the Responsible Entity are responsible for the preparation of the financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

In preparing the financial report, the directors of the Responsible Entity are responsible for assessing the Fund's ability to continue as a going concern, disclosing, as applicable, matters relating to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Fund or to cease operations, or have no realistic alternative but to do so.

## Auditor's Responsibilities for the Audit of the Financial Report

Our objectives are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this financial report.

As part of an audit in accordance with the Australian Auditing Standards, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- ▶ Identify and assess the risks of material misstatement of the financial report, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- ▶ Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Responsible Entity's internal control.
- ▶ Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors.
- ▶ Evaluate the overall presentation, structure and content of the financial report, including the disclosures, and whether the financial report represents the underlying transactions and events in a manner that achieves fair presentation.

**Building a better  
working world**

We communicate with the directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.
