For the half-year ended 31 December 2020**

Note 1. Statement of Significant Accounting Policies

This interim report covers The Montgomery Fund (the "Fund") as an individual entity.

The Fund is a registered investment scheme under the Corporations Act 2001. The interim report of the Fund is for the half-year ended 31 December 2020. The Fund was constituted as a registered scheme on 20 August 2012 with the Australian Securities & Investments Commission ("ASIC").

The Responsible Entity of The Montgomery Fund is Fundhost Limited (ABN 69 092 517 087). The Responsible Entity's registered office is Suite 5.01, Level 5, 28 O'Connell Street, Sydney, NSW 2000.

The interim report was authorised for issue by the Directors on 17 February 2021. The Directors of the Responsible Entity have the power to amend and reissue the financial reports.

Basis of preparation

This interim report is a financial report that has been prepared in accordance with the Corporations Act 2001 and Australian Accounting Standards AASB134: *Interim Financial Reporting*.

This interim report does not include all the notes of the type normally included in the annual report. Accordingly, this interim report is to be read in conjunction with the annual report for the year ended 30 June 2020 and any public announcements made in respect of the Fund during the interim reporting period in accordance with the continuous disclosure requirements of the Corporations Act 2001.

Where necessary, comparative information has been reclassified to be consistent with current period disclosures.

The interim report has been prepared on the basis of historical costs except for financial assets held at fair value through profit or loss that have been measured at fair value.

The interim report is presented in Australian Dollars and all values are rounded to the nearest thousand except where otherwise indicated.

The Fund is a for-profit unit trust for the purpose of preparing this interim report.

(i) Compliance with International Financial Reporting Standards (IFRS)

The interim report complies with Australian Accounting Standards applicable to interim reporting as issued by the Australian Accounting Standards Board and International Financial Reporting Standards (IFRS) applicable to interim reporting as issued by the International Accounting Standards Board.

(ii) Use of estimates and judgements

In the application of accounting policies, management is required to make judgements, estimates and assumptions about carrying values of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstance, the results of which form the basis of making the judgements. Actual results may differ from these estimates.

Fair value measurement of investments in financial instruments

All of the Fund's investments are listed equities measured at fair value through profit or loss. Where available, quoted market prices for the same or similar instrument are used to determine fair value. Where there is no market price available for an instrument, a valuation technique is used. Judgment is applied in selecting valuation techniques and setting valuation assumptions and inputs.

New accounting standards and interpretations

All new accounting standards that are applicable to the Fund for the 31 December 2020 reporting period have been adopted and do not have a material impact on the interim report. There are no new accounting standards and interpretations that have been issued, but not yet effective, that are material to the interim report or have been early adopted for the 31 December 2020 reporting period.

Note 5. Fair value of financial instruments

Financial instruments carried at fair value are categorised under a three level hierarchy, reflecting the availability of observable market inputs when estimating the fair value. If different levels of inputs are used to measure a financial instrument's fair value, the classification within the hierarchy is based on the lowest level input that is significant to the fair value measurement. The three levels are:

Level 1: Valued using quoted prices in active markets for identical assets or liabilities. These quoted prices represent actual and regularly occurring market transactions on an arm's length basis.

Level 2: Valued using inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly (as prices) or indirectly (derived from prices), including: quoted prices in active markets for similar assets or liabilities, quoted prices in markets in which there are few transactions for identical or similar assets or liabilities, and other inputs that are not quoted prices but are observable for the asset or liability.

Level 3: Valued in whole or in part using valuation techniques or models that are based on unobservable inputs that are neither supported by prices from observable current market transactions in the same instrument nor are they based on available market data. Unobservable inputs are determined based on the best information available, which might include the Fund's own data, reflecting the Fund's own assumptions about the assumptions that market participants would use in pricing the asset or liability. Valuation techniques are used to the extent that observable inputs are not available.

Notes to the Financial Statements
For the half-year ended 31 December 2020

Note 5. Fair value of financial instruments (cont'd)

The following table shows an analysis of financial instruments held at the balance sheet date, recorded at fair value by level of the fair value hierarchy:

31/12/2020	Level 1	Level 2	Level 3	Total
	\$'000	\$'000	\$'000	\$'000
Listed equity securities	461,826	-	-	461,826
Total	461,826	-	-	461,826

Listed equity securities	429,322	-	-	429,322
Total	429,322	-	-	429,322

Transfers between levels

Management's policy is to recognise transfers into and transfers out of fair value hierarchy levels as at the end of the reporting period. There were no transfers between levels in the fair value hierarchy at the end of the reporting period (30 June 2020: nil).

Note 6. Commitments and contingencies

There were no commitments nor contingent assets and liabilities at 31 December 2020 (2019: nil).

Note 7. Events subsequent to balance date

No matters or circumstances have arisen since the end of the financial half-year which significantly affected or may significantly affect the operation of the entity, the results of those operations, or the state of affairs of the entity in future financial periods.

Directors' Declaration

The Directors of the Responsible Entity declare that:

Independent Auditor's Review Report to the unitholders of The Montgomery Fund

Report on the Half-Year Financial Report

Conclusion

We have reviewed the accompanying half-year financial report of The Montgomery Fund (the Fund), which comprises the statement of financial position as at 31 December 2020, the statement of comprehensive income, statement of changes in equity and statement of cash flows for the half-year ended on that date, notes comprising a statement of significant accounting policies and other explanatory information, and the directors' declaration.

Based on our review, which is not an audit, nothing has come to our attention that causes us to believe that the half-year financial report of the Fund is not in accordance with the *Corporations Act 2001*, including:

- a) Giving a true and fair view of the Fund's financial position as at 31 December 2020 and of its financial performance for the half-year ended on that date; and
- b) Complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

Directors' Responsibility for the Half-Year Financial Report

The directors of Fundhost Limited as the Responsible Entity of the Fund are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the half-year financial report that is free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express a conclusion on the half-year financial report based on our review. We conducted our review in accordance with Auditing Standard on Review Engagements ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity*, in order to state whether, on the basis of the procedures described, anything has come to our attention that causes us to believe that the half-year financial report is not in accordance with the *Corporations Act 2001* including: giving a true and fair view of the Fund's financial position as at 31 December 2020 and its financial performance for the half-year ended on that date; and complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*. As the auditor of the Fund, ASRE 2410 requires that we comply with the ethical requirements relevant to the audit of the annual financial report.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

**Building a better
working world**

Independence

In conducting our review, we have complied with the independence requirements of the *Corporations Act 2001*.
