FOREIGN ACCOUNT TAX COMPLIANCE ACT (FATCA) COMMON REPORTING STANDARD (CRS)

SELF CERTIFICATION FORM: **ALL investors must complete**

The Foreign Account Tax Compliance Act (FATCA) is a United States (US) regulatory requirement that aims to deter tax evasion by US taxpayers. The Australian and US Governments (through their tax offices) have an agreement which means we must obtain investor self certification forms. Information we gather is reported to the ATO and in turn to US tax authorities. Information you provide may also be reported by the ATO to foreign tax authorities under newly passed tax amendment laws for the Common Reporting Standard (CRS). The ATO may pass this information to participating foreign tax authorities.

Please note that Fundhost cannot provide you with tax or legal advice. If you are unsure of any of the answers please seek professional advice from your tax adviser or lawyer or refer to the ATO or IRS website.

Generally, consider ticking 'Yes' if, in the last calendar or financial year:

- more than half of your gross income is passive income, or
- more than half of your assets produce or are held to produce passive income.

Passive income includes investment income such as dividends, interest, rents and royalties.

When thinking about this, include income and assets held directly or indirectly (for example through subsidiaries or companies in which you invest).

If you tick 'Yes', you are also telling us that you are not otherwise caught as an active type of entity (this depends on the law – seek advice if you are not sure).
