Important Information

Welcome to the Ganes Value Growth Fund product disclosure statement (**PDS**).

Fundhost Limited (**Fundhost, we or us**) invites you to invest in the Ganes Value Growth Fund (**Fund**). Fundhost is the responsible entity of the Fund and issuer of this PDS. This PDS has not been lodged with the Australian Securities and Investments Commission (**ASIC**) and is not required to be so lodged. ASIC takes no responsibility for the contents of this PDS.

If you received this PDS electronically we will provide you, free of charge, with a paper copy of this PDS (together with the application form) upon request. Please phone Fundhost on +61 2 8223 5400. If you make this PDS available to another person, you must give them the entire PDS, including the application form and any supplementary documents.

This PDS is also available to investors who invest through a master trust or wrap account. Different conditions may apply to such investors so please refer to "Investing through a master trust or wrap account?". This PDS is not an offer or invitation in relation to the Fund in any place in which, or to any person to whom, it would not be lawful to make that offer or invitation.

All references to \$ amounts are to Australian dollars.

This PDS is current as at October 2019. Information in this PDS is subject to change from time to time. To the extent that the change is not materially adverse to investors, it may be updated by Fundhost posting a notice of the change on its website at www.fundhost.com.au. Fundhost will provide to investors, free of charge, a paper copy of the updated information upon request when they contact Fundhost on +61 2 8223 5400. If the change is materially adverse to investors, Fundhost will notify affected investors and supplement or replace this PDS.

Neither Fundhost nor Ganes Capital Management Limited (the **Investment Manager** or **Ganes**) promise that you will earn any return on your investment or that your investment will gain or retain its value. No company other than Fundhost and the Investment Manager makes any statement or representation in this PDS.

This PDS has been prepared without considering your personal objectives, financial situation or needs. You should read the entire PDS and speak to a financial adviser before deciding to invest in the Fund.

This Fund is not a simple managed investment scheme as it may not satisfy the liquidity test which requires that it can reasonably be expected that 80% of the portfolio can be sold in 10 days. Investors should refer to "Risks" for more information.

About Fundhost and Ganes

Fundhost

Fundhost is a public company that acts as the responsible entity and provides essential services to the Fund. Fundhost's core business is to operate registered managed investment schemes and provide compliance, administration and registry services and to ensure that the funds are audited as required by law. We are responsible for the day to day operations of the Fund and have appointed the Investment Manager to manage the assets of the Fund.

The Investment Manager

Ganes Capital Management Limited is the Investment Manager of the Fund and has been since the Fund's inception in 2005. With more than 15 years of experience in investing, Ganes has established a track record of identifying businesses selling at prices which offer attractive prospects for capital appreciation. This requires a thoughtful, long-term approach and investing meaningfully in the best ideas rather than taking an index approach to investing.

Ganes seek companies that are able to grow and can compound their capital effectively through intelligent capital allocation decisions.

The portfolio manager since inception is Wayne Jones. Wayne is a Certified Practising Accountant (CPA) and has a Graduate Diploma in Applied Finance. He has been involved in various business acquisitions during his career.

How the Fund works

When you invest in the Fund your money (together with all other investors' monies) is gathered in one place and invested in assets. We have appointed Ganes to manage the Fund. Ganes uses its resources, experience and expertise to make the investment decisions.

We have appointed NAB as the independent custodian to hold the assets of the Fund.

Units

The Fund is a "unit trust". This means your interests in the Fund are represented by "units". Certain rights (such as the right to any income and a right to vote) attach to your units. You may also have obligations in respect of your units.

Each unit has a value which we calculate. When you invest, we issue you a number of units depending on the amount you invest. Similarly, when you withdraw from the Fund, we calculate your withdrawal proceeds by reference to the number and value of units you hold at the time of withdrawal. Generally, the price of units will vary as the market value of assets in the Fund rises or falls.

How we invest your money

You should consider the likely investment return, risk and your investment time frame when choosing a fund to invest in.

How we invest your money

Fund Description	The Fund is a registered managed investment scheme structured as an unlisted, open-ended unit trust. The Fund typically invests in a highly concentrated portfolio of listed Australian securities.
Investment Return Objective³	To generate superior returns to the All Ordinaries Accumulation Index over the long term (five years and greater) by investing in a portfolio of listed Australian securities. This investment return objective is not intended to be a forecast. It is merely an indication of what the Fund aims to achieve over the long term. The Fund may not be successful in meeting this objective. Returns are not guaranteed.
Benchmark	All Ordinaries Accumulation Index
Fund's Investments and Asset Allocations	<p>The Fund will invest primarily in securities listed on the Australian Securities Exchange (ASX). These securities may provide an exposure to listed securities or businesses outside Australia. For example, the Fund may invest in an Australian listed investment company with investments on international exchanges or in companies that have businesses located in other countries. Portfolio holdings may comprise companies drawn from a wide range of market capitalisations (cap) including large-cap, mid-cap, small-cap and micro-cap though there may be periods where the portfolio is highly concentrated in one of these capitalisation groups. Similarly, the portfolio may be concentrated in one or a few industries.</p> <p>As a general guide, the Fund will hold around 15 to 50 investments and sometimes more or less. The largest ten holdings tend to represent 35% to 85% of the total Fund value. Generally, no more than 15% may be allocated to any single holding. It is important to note that the actual portfolio structure may differ from these general guidelines and extend outside the indicated ranges. The Fund may invest in unlisted securities with the potential of listing.</p> <p>The allocation to cash at any point is a by-product of the investing strategy rather than targeted cash levels. The level of cash held would generally be in the range of 2% to 20% with the balance invested in ASX listed securities. However, higher levels of cash will be held where the Investment Manager sees limited value in the market and is unable to identify attractive investment opportunities.</p>
Recommended Minimum Investment Period	At least 5 years
Borrowing and Shorting	The Fund will not borrow. Derivatives will not be used to gear the Fund.
Risk	High
Suitability	The Fund is generally suited for persons seeking long term capital growth and those who can tolerate a high level of risk. You should speak with your financial adviser before investing in the Fund.
Labour and Environmental Social or Ethical Considerations	The Investment Manager does not take into account labour standards or environmental, social or ethical considerations in the selection, retention or realisation of investments.

³The investment objective is expressed net of management fees, expenses and taxation.

Any of the above details could change at any time and without notice. Where we consider the changes are significant, we will notify you of the changes (and give you 30 days' prior notice where practicable).

The investment process

The Investment Manager seeks to identify growing, profitable, well managed companies with strong balance sheets that can be purchased at a price that may deliver at an above market return over the next 5 plus years. The Investment Manager believes such companies will typically earn above average returns on capital facilitated by management with strong capital allocation skills and a motivation to deliver high shareholder returns. The investment process is focused on identifying companies that possess these features and is index unaware. It is important to note that this is a portrait of an ideal company for the Fund, and their scarcity means that the Investment Manager may invest in companies for the Fund

that do not possess all or many of these features. Further, the Investment Manager may purchase one or more securities for the Fund that possess none of the above features other than the prospect of an attractive return.

Benefits of investing in the Fund

Significant features

The Fund typically invests in a concentrated portfolio of 15 to 50 investments which are actively managed and listed on the ASX. The Fund's objective is to outperform the All Ordinaries Accumulation Index over the long term, usually rolling 5-year periods, although this is not a forecast and returns are not guaranteed.

Due to the concentrated nature of the portfolio returns may vary significantly from the Fund's benchmark.

Significant benefits

Some of the significant benefits of investing in the Fund include:

- Access to the expertise of an investment manager with an established track record.
- Access to a portfolio of stocks that provide the potential for capital gains and income to meet your investment needs.
- A focus on companies which an ordinary investor may not be able to identify.
- Having clear legal rights through a robust corporate governance structure.
- Regular investment statements and an annual tax statement to keep you up to date on your investment.

Recommended to be part of a diversified portfolios

The Fund will generally hold a portfolio that is both concentrated and very different to that of the benchmark, hence returns can be volatile and not match the benchmark. We therefore recommend that an investment in the Fund forms part of a wider, diverse portfolio.

As part of a wider, diversified portfolio the Fund may offer diversification benefits to investors (depending upon the nature and type of the other investments in your portfolio).

Risk management

Depending on the type of investments a fund chooses to focus on, your decision to invest in one or perhaps more managed funds can be a good way to help better manage the impact of risk on your investments. Spreading risk often reduces the highs and lows of investment performance and helps reduce the impact on you of one or more types of investments performing poorly.

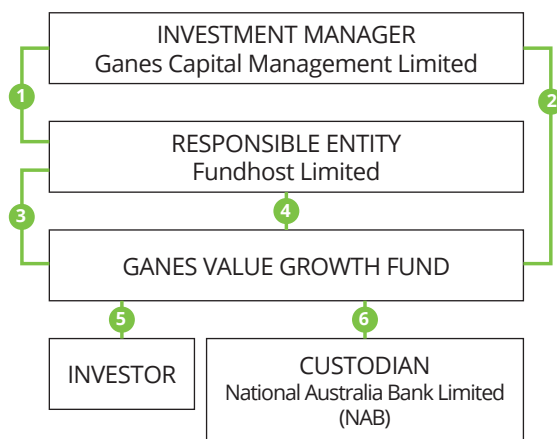

Overview of management and corporate governance

Under the Australian Corporations Act and the documents governing the Fund, investors are provided with several layers of independent oversight providing a robust and appropriate corporate governance structure. The structure provides additional investor safeguards through the separation of duties, specialisation of expertise, clear lines of responsibility and layered approval processes.

The Fund is operated and administered by a responsible entity (Fundhost) that holds an appropriate AFSL.

Fundhost has appointed NAB as the independent custodian to hold the assets of the Fund. Using a third party custodian is considered best practice in the industry because it reduces the risk that the Fund's assets are misappropriated or put at risk through, for example, the insolvency of the responsible entity or investment manager.

The following diagram summarises the management and governance structure of the Fund.

- 1 Ganes reports to, and is appointed by, Fundhost
- 2 Ganes is responsible for managing the assets of the Fund
- 3 Fundhost is responsible for operating and administering the Fund in accordance with the law, the constitution and the compliance plan
- 4 The Fund is established under the constitution
- 5 Units are issued to investors
- 6 NAB holds the assets on behalf of the Fund

CLEAR LEGAL RIGHTS

The constitution establishes the Fund and sets out the rules that the Fund operates within. Together with the PDS and the law from time to time, it governs Fundhost's relationship with you and provides you with your (and our) legal rights.

Risks

Risks in general

ABOUT RISK AND RETURN

All investments are subject to varying risks and the value of your investment can decrease as well as increase (i.e. you can experience investment gains or investment losses).

Investment returns are affected by many factors including market volatility, interest rates and economic cycles. Changes in value can be significant and they can happen quickly.

Different types of investments perform differently at different times and have different risk characteristics and volatility.

These are some of the reasons why you should consider investing in several different types of investments (often called diversification).

The significant risks associated with investing in the Fund are discussed in the PDS. Whilst Ganes's approach is to be selective and consider the risks associated with investments, it can't eliminate all risks and can't promise that the ways they are managed will always be successful.

The performance of the Fund will be influenced by many factors, some of which are outside the control of Fundhost and Ganes.

If these risks materialise, your distributions may be lower than expected or there may be none. The value of your investment can and does fall and you may lose money, even over the long term.

WAYS TO MANAGE YOUR RISK

You can help manage your own risks too. You can:

- understand the Investment Manager's approach and how it might impact the value of your investment;
- know your investment goals and your risk tolerance;
- understand risk and return and be comfortable that an investment may not give you the outcomes you hope for;
- diversify your investments (that is, have a spread of investments);
- invest for at least the recommended timeframe;
- keep track of your investment; and
- speak with a financial adviser and make sure the Fund is the right investment for you.

Significant risks

The significant risks of the Fund include:

- **Asset allocation:** There is no guarantee that the Fund's asset allocation strategy and investment selections will provide positive investment performance at all stages of the investment cycle.
- **Concentration risk:** The Fund typically invests in 15 to 50 investments. The largest 10 holdings may represent 85% of the total Fund value but sometimes more or less. The value of the Fund's investments may be more affected by any single adverse business, economic, political or regulatory event than the investments of a more diversified portfolio.
- **Counterparty risk:** Losses can be incurred if the counterparty (such as a broker) defaults on their obligations or experiences financial difficulty.
- **Currency risk:** Whilst the Fund invests in securities listed on the ASX, these investments may have significant functional exposure to other currencies which exposes the Fund to currency risk.
- **Cyber risk:** There is a risk of fraud, data loss, business disruption or damage to the information of the Fund or to investors' personal information as a result of a threat or failure to protect the information or personal data stored within our IT systems and networks and those of our service providers.
- **Fund risk:** The Fund could terminate, the fees and expenses could change (although we would always give you or your master trust or wrap operator at least 30 days' notice where practicable if fees charged under this PDS were to increase), we could be replaced as responsible entity and management and staff could change. Investing in the Fund may give different results than investing individually in the same assets because of accrued income or capital gains and the consequences of others investing and withdrawing.
- **Income risk:** The level of income generated on the Fund's investments can fall as well as rise and the tax status of such income can change. Income returns are not guaranteed and you may lose some or all of the money you invest in the Fund.
- **Interest rate risk:** The capital value or income of a security may be adversely affected by interest rate movements.

- **Investment Manager risk:** There is a risk that the Investment Manager will not perform to expectation or factors such as changes to the investment team may affect the Fund's performance. The Investment Manager has a relatively small number of key investment staff. The Fund's performance depends on their expertise.
- **Liquidity risk:** Access to your money may be delayed (see "Payments can be delayed"). Overall market liquidity can make it difficult to trade and to realise assets in a timely fashion to meet withdrawal requests.
- **Market risk:** Economic, technological, climate, political or legal conditions, interest rates and even market sentiment, can (and do) change, and changes in the value of investment markets can affect the value of the investments in the Fund.
- **Regulatory risk:** The value or tax treatment of either the Fund itself or investments, or the effectiveness of its trading or investment strategy, may be adversely affected by changes in government (including taxation) policies, regulations and laws affecting registered managed investment schemes, or changes in generally accepted accounting policies or valuation methods.
- **Security specific risk and selection:** Returns are affected by the underlying strength of the cash flows, balance sheets and management (i.e. business) of the entities in which the Fund invests. Specific investments held in the Fund can fall in value for many reasons, such as changes in an entity's internal operations or management, or in the business environment in which the entity operates. If specific investments held in the Fund fall in value, the value of units in the Fund will also fall.
- **Small companies risk:** Small companies generally have less diversified income streams, less stable funding sources and weaker bargaining positions with their counterparties when compared to larger companies. The securities of small companies may also be less liquid than those of larger companies.

Risks applicable to managed funds generally

Other significant risks relevant to many managed funds include the value of investments will vary, the level of returns and income will vary, future returns may differ from past returns; and returns are not guaranteed. You may lose your money.

The level of risk for each person will vary depending on a range of factors, including age, investment time frames, where other parts of your wealth are invested and your risk tolerance. These risks can be managed but cannot be completely eliminated. You can adopt certain tools to help you manage your own risk.

Fees and other costs

DID YOU KNOW?

Small differences in both investment performance and fees and costs can have a substantial impact on your long term returns.

For example, total annual fees and costs of 2% of your account balance rather than 1% could reduce your final return by up to 20% over a 30-year period (for example, reduce it from \$100,000 to \$80,000).

You should consider whether features such as superior investment performance or the provision of better member services justify higher fees and costs.

You may be able to negotiate to pay lower contribution fees and management costs where applicable. Ask the Fund or your financial adviser.

TO FIND OUT MORE

If you would like to find out more, or see the impact of the fees based on your own circumstances, the **Australian Securities and Investments Commission (ASIC)** website (www.moneySMART.gov.au) has a managed funds fee calculator to help you check out different fee options.

This section shows fees and other costs that you may be charged. These fees and costs may be deducted from your money, from the returns or from the assets of the managed investment scheme as a whole.

Taxes are set out in another part of this document.

You should read all the information about fees and costs, because it is important to understand their impact on your investment.

Example of annual fees and costs

This table gives an example of how the fees and costs for the Fund can affect your investment over a one-year period. You should use this table to compare the Fund with other managed investment products.

Example - Balance of \$50,000 including a contribution of \$5,000 during the year		
CONTRIBUTION FEES	Nil	For every additional \$5,000 you put in, you will be charged \$0.
PLUS MANAGEMENT COSTS comprising:		And , for every \$50,000 you have in the Fund you will be charged \$602 each year, comprising:
Responsible Entity Fee	0.25% pa	\$129
Performance Fee	Nil	
Investment Management Fee	0.87% pa	\$436
Ordinary Expenses*	Nil	
Abnormal Expenses*	Nil	
Indirect Costs*	0.07% pa	\$37
EQUALS Cost of the Fund	1.20% pa	If you had an investment of \$50,000 at the beginning of the year and you put in an additional \$5,000 during that year, you would be charged fees of \$602 each year.

When calculating management costs in this table, the law says we must assume that the value of your investment remains at \$50,000 and the Fund's unit price does not fluctuate. Management costs actually incurred will depend on the market value of your investment and the timing of your contributions (including any reinvestment of distributions). The example assumes no abnormal expenses are incurred, no service fees are charged and that fees are not individually negotiated.

Any item marked with an asterix (*) is an estimate. Please refer to our website for any updates on these estimates which are not considered to be materially adverse from a retail investor's point of view. Totals may appear different due to rounding.

Additional explanation of fees and costs

About management costs

The management costs include Fundhost's fees, Ganes management fee, ordinary and abnormal expenses and any indirect costs. Fees payable to Fundhost are calculated and accrued weekly based on the portfolio value of the Fund and are paid monthly in arrears. Management costs paid out of Fund assets reduce the net asset value of the Fund and are reflected in the unit price. Management costs include any indirect costs and exclude transaction costs (i.e. costs associated with investing the underlying assets, some of which may be recovered through buy-sell spreads).

Indirect costs form part of management costs and include fees and expenses arising from any investment which qualifies as an interposed vehicle (e.g. any underlying fund that the Fund may invest in) and certain OTC derivative costs. The Fund's indirect costs are based on the financial year ending 30 June 2019 and are estimated to be 0.07% pa. Actual indirect costs for future years may differ.

The ordinary expenses are the ordinary and every day expenses incurred in operating the Fund. These are paid by the Investment Manager and as such the ordinary expenses paid by the Fund are nil. This may change in the future and if so investors will be provided 30 days notice.

The constitution of the Fund provides that expenses incurred by us in relation to the proper performance of our duties in respect of the Fund are payable or reimbursable out of the assets of the Fund and are unlimited. We reserve the right to recover abnormal expenses from the Fund. Abnormal expenses are expected to occur infrequently and may include (without limitation) costs of litigation to protect investors' rights, costs to defend claims in relation to the Fund, investor meetings and termination and wind up costs.

Transactional and operational costs

Transactional and operational costs include brokerage, settlement costs, bid-offer spreads on investments and currency transactions, borrowing costs, clearing costs, and stamp duty costs. When you invest in the Fund, Ganes may buy (and sell) investments, and the Fund will incur these costs. When you withdraw, Ganes may sell investments so we can pay your cash to you, and the Fund will incur these costs. These costs are also incurred in connection with day to day trading within the Fund.

Some of these costs are recovered through the buy-sell spread. A buy-sell spread is an adjustment to the unit price reflecting our estimate of the transaction costs that may be incurred as a result of the purchase/sale of assets arising from the buying/selling of units. This adjustment ensures that existing investors do not pay costs associated with other investors acquiring/ withdrawing units from the Fund. The buy-sell spread is reflected in the buy/sell unit price. Currently, our buy-sell spread is estimated to be 0.5% of the unit price (that is +0.25% on the entry price and -0.25% on the exit price). So if the net asset value of each unit is \$1.00, on entry we adjust the unit price up approximately 0.25% (up 0.25 cents) and on exit we adjust the unit price down approximately 0.25% (down 0.25 cents). The buy-sell spread is not paid to Fundhost or Ganes. Because the buy-sell spread is reflected in the buy/sell unit prices, you won't see transaction costs on any account statement we send you.

Transactional and Operational Costs for FY 2018	Recovery through Buy-Sell Spread	Net Transactional and Operational Costs
0.09%	0.11%	Nil

Our estimate of the total transactional and operational costs for the Fund during the year ended 30 June 2019 was calculated using the Fund's actual transactions during the last financial year. We expect this amount to vary from year to year as it will be impacted by the Fund's volume of trading, brokerage arrangements and other factors.

The amount recovered through the buy-sell spread was calculated using actual applications and redemptions during the last financial year. We expect this amount to vary from year to year as it will be impacted by the volume of applications and withdrawals and any changes in the buy-sell spread for the Fund. The net transactional and operational costs is the difference between these two amounts. All of these amounts are expressed as a percentage of the Fund's average net asset value for the year. Based on an average account balance of \$50,000 over a one year period, the net transactional and operational costs represent nil.

Service fees

If you need Fundhost to do something special for you, we may charge you a fee. These special fees vary depending on what you ask us to do.

Can the fees change or be updated?

Yes, all fees can change. Reasons might include changing economic conditions and changes in regulation. However, we will give you (or your master trust or wrap account operator) 30 days' written notice of any increase to fees where practicable.

Please refer to our website for any updates on our estimates of any fees and costs (including indirect costs and transactional and operational costs) which are not considered to be materially adverse from a retail investor's point of view. Remember, past performance is not an indicator of future performance and any fee or cost for a given year may not be repeated in a future year.

Adviser remuneration

No commissions will be paid by us to financial advisers. Additional fees may be paid by you to your financial adviser if one is consulted. You should refer to the statement of advice they give you in which details of the fees are set out.

Can fees be different for different investors?

No.

Government charges and taxation

Government taxes such as GST will be applied to your account as appropriate. In addition to the fees and costs described in this section, standard government fees, duties and bank charges may also apply such as stamp duties. Some of these charges may include additional GST and will apply to your investments and withdrawals as appropriate.

The fees outlined in this PDS take into account GST and any reduced input tax credits which may be available.

What about Fund performance?

If you are interested in:

- up to date Fund performance;
- the top 10 holdings of the Fund and cash weightings; or
- current unit prices,

further details including monthly reports are available at www.fundhost.com.au. You can also call Fundhost on +61 2 8223 5400. Up to date information is always free of charge.

Don't forget that any past returns are just that, just because they happened doesn't mean they will happen again. Returns are volatile and may go up and down significantly and sometimes quickly.

How to invest

You may make direct investments into the Fund with an initial amount of at least \$10,000.

We also offer a monthly savings plan via direct debit with a minimum amount of \$200 per month. Investors may sign up for the direct debit monthly savings plan in conjunction with, or after they have made, the initial minimum investment amount of \$10,000. Investors may invest using a combination of both direct investments and the monthly savings plan.

To apply as a direct investor, use the application form accompanying this PDS or online application process provided by Fundhost.

Direct investments are processed on a weekly basis, and both your application form and investment must be received by 4pm Friday, Sydney time (unless Friday is a public holiday), to be processed using the unit price effective for that week (otherwise your application will be processed the next week). We do not earn interest on application monies held prior to the time we issue units to you.

To apply as a monthly savings plan investor, complete the application form and Direct Debit Savings Plan Form accompanying this PDS and submit both forms or use the online application process provided by Fundhost. Direct debits occur on the 25th of each month, or the next business day. All new savings plan applications received prior to the 25th of the month will be processed on the 25th of that month, or the next business day. All applications received between the 25th and end of the month will be processed on the 25th of the subsequent month, or the next business day.

Additional investments can be made at any time in writing, and are processed weekly. For investors not participating in the monthly savings plan the minimum amount for additional investments is \$2,000. See "Investing through a master trust or wrap account?" for arrangements that apply to investors using a master trust or wrap account service to invest.

You can increase your units by reinvesting distributions (this will be done automatically unless you tell us otherwise), or by making an additional investment. If you reinvest your distributions it could help your investment grow. If you choose to reinvest only a portion, we can pay the remainder into your nominated account. Use the application form to tell us what percentage of your distributions you would like to reinvest.

Cooling off

If you decide that you don't want the units we have issued you in the Fund, we must repay your money to you. We are allowed to (and generally do) make adjustments for market movements up or down, as well as any tax and reasonable transaction and administration costs. For example, if you invest \$50,000 and the value of the units falls by 1% between the time you invest and the time we receive notification that you wish to withdraw your investment, we may charge you on account of the reduced unit value and you would incur a buy spread of +0.25% and a sell spread of -0.25%. This means that \$24,626 would be transferred from the Fund back to you.

If you change your mind, you have 14 days to tell us, starting on the earlier of:

- when we send you confirmation that you are invested; or
- the end of the 5th day after the day on which we issue the units to you.

This right terminates immediately if you exercise a right or power under the terms of the product, such as transferring your units or voting on any units held by you. For any subsequent investments made under a distribution reinvestment plan, cooling off rights do not apply.

Withdrawing

There is generally a minimum withdrawal amount of \$5,000 and a minimum balance of \$5,000.

If you want to withdraw your money, simply contact us in writing and tell us how much you need to withdraw, specify your investor number and ensure your instructions are signed:

Fundhost Limited
PO Box N561
Grosvenor Place Sydney NSW 1220

Alternatively you can send a withdrawal request by email (admin@fundhost.com.au) or fax +61 2 9232 8600.

If you would like to send a withdrawal request by email or fax please be aware of the following requirements:

- instructions must be legible and bear your investor number and signature, and
- withdrawal proceeds can only be transferred to the financial institution account previously nominated on the application form.

Please be aware that for fax and email instructions you will need to accept full responsibility (to the extent permitted by law) for loss arising from us acting upon faxed or scanned instructions which comply with these security processes and you also agree to release and indemnify us in respect of any liabilities arising from us acting on faxed or scanned instructions (including future instructions), even if those instructions are not genuine. Also, you agree that neither you nor any other person has any claim against us in relation to a payment made or action taken under the facsimile or scanned instruction service if the payment is made in accordance with these conditions. These terms and conditions are additional to any other requirements for making withdrawal requests.

The Fund processes withdrawals on a weekly basis. Your correctly completed withdrawal request is required to be received before 4 pm Wednesday, Sydney time (unless Wednesday is a public holiday), to be processed using the unit price for that week. Prices are struck on the Friday.

Requests that miss the above cut off time will be processed the following week using that week's price.

Normally once we decide you can withdraw your money (usually this happens within 8 business days of receipt of your withdrawal request), we process the request within 8 business days (although the constitution for the Fund allows us 180 days), and pay funds to your account. For anyone redeeming as at 1 July there may be a delay in receiving your withdrawal proceeds due to year end processes.

Also note that units in the Fund are not listed on any stock exchange like the ASX, so you can't sell your units through a stockbroker.

Some details about withdrawals and how much we pay

How much money you receive for each unit depends on the withdrawal price.

We calculate unit prices in three steps.

First, we calculate the value of the investments of the Fund and take away the value of the liabilities as defined in the Fund's constitution.

Second, we divide the result of this by the number of units we have on issue.

Third, we apply the buy/sell spread for the entry price and for the exit price.

These steps give us a price per unit.

We have a documented policy in relation to the guidelines and relevant factors taken into account when calculating unit prices. We call this our unit pricing policy. We keep records of any decisions which are outside the scope of the unit pricing policy, or inconsistent with it. A copy of the unit pricing policy and records is available free on request.

We can withhold from amounts we pay you, any amount you owe us or we owe someone else relating to you (for example, the tax office).

We generally pay all withdrawal proceeds in cash, directly to your bank account but we are permitted under the constitution for the Fund to pay proceeds in kind (i.e. in specie share transfer).

Payments can be delayed

In certain circumstances, such as a freeze on withdrawals or where the Fund is illiquid (as defined in the Corporations Act), you may have to wait a longer period of time before you can redeem your investment.

If the Fund is not sufficiently liquid then you will only be permitted to withdraw if we make a withdrawal offer to all investors in accordance with the Fund's constitution and Corporations Act.

We can delay withdrawal of your money for 180 days or such a period as considered appropriate in our view in all the circumstances if:

- there are not enough investments which we can easily turn into cash (the law dictates this). If the Fund became illiquid, the law says we can (if we wish) make some money available, and requires us to allocate it on a pro rata basis amongst those wanting to exit;
- we receive a quantity of withdrawal requests representing more than 20 per cent of the value of the investments of the Fund. In this case we can stagger withdrawal payments;
- something outside our control affects our ability to properly or fairly calculate the unit price (for example, if the investments are subject to restrictions or if there is material market uncertainty like a stock market crash);

- a portion of the Fund's assets comprise illiquid assets (that is, assets not readily converted to cash). In this case Fundhost can redeem such a number of units that correspond to the portion of the Fund's liquid assets (that is, assets readily converted to cash). For example, if an investor requests redemption of all of their units and the Fund's assets comprise 10% of illiquid assets, Fundhost may determine to redeem only 90% of the investor's units. Fundhost may redeem the remaining units at such future time, or at times, over such period, as it determines;
- an emergency or similar state of affairs occurs which, in our reasonable opinion, makes it impractical to redeem units or which might be prejudicial to the remaining investors;
- there is a closure or material restriction on trading on the major global stock exchanges or realisation of the assets cannot be effected at prices which would be obtained if assets were realised in an orderly fashion over a reasonable period in a stable market; or
- we otherwise consider it is in the best interests of the investors to delay withdrawal of the units.

The constitution sets out the full range of circumstances in which we can delay withdrawal of your money.

We can give you back your invested money

In certain circumstances we can, or may be required to, also redeem some or all of your units without you asking. These circumstances include:

- if your account falls below the minimum balance (that is \$5,000);
- if you breach your obligations to us (for example, you provide misleading information in your application form);
- to satisfy any amount of money due to us (as responsible entity or in any other capacity relevant to the Fund) by you;
- to satisfy any amount of money we (as responsible entity or in any other capacity relevant the Fund) owe someone else relating to you (for example, to the tax office);
- where we suspect that law prohibits you from legally being an investor; or
- such other circumstance as we determine in our absolute discretion (but we must always act in the best interests of investors as a whole when deciding when to do this).

Distributions

Income distributions are generally paid quarterly, with the distribution periods ending as at 31 March, 30 June, 30 September and 31 December or in some quarters, not paid at all. They can be reinvested back into the Fund or paid to the financial institution account nominated on your application form. You can indicate your choice in section F of the application form. If you don't make a selection, distributions will be automatically reinvested as additional units. Distribution payments are made typically within 10 business days after the end of the applicable distribution period for interim distributions and within 45 days for the end of financial year distribution. Distributions will not be paid by cheque.

There may be periods when the Fund will not make a distribution.

We generally calculate and pay distributions based on the Fund's net taxable income at the end of the distribution period divided by the number of units on issue. Distributions may also carry imputation or other tax credits.

If you elect to reinvest distributions, they will be reinvested at the ex-distribution net asset value price. The ex distribution net asset value price is calculated by taking the value of the investments of the Fund and taking away the value of the liabilities (as defined in the Fund's constitution) including a provision for the distribution. We divide the result of this by the number of units we have on issue to obtain the ex-distribution net asset value price for distribution reinvestments. We make no adjustment for the costs of buying or realising investments (called a buy/sell spread).

Enquiries and complaints

Please contact Fundhost (details are provided at the front of this PDS) for any enquiries or complaints. To enable us to assist you as quickly as possible please have your investor number handy when you contact us.

If you do have a complaint you may of course contact us by telephone, however, if you would like a record of your complaint please write to us and we will ensure that your complaint is acknowledged and responded to as soon as practicable, and in any event within 14 days.

If you are unhappy with our response to your complaint you can contact the independent Australian Financial Complaints Authority (AFCA).

Investing through a master trust or wrap account?

If this is you, then remember that it is generally the operator of that service which becomes the investor in the Fund (not you). It follows that they have the rights of an investor and can exercise them (or not) in accordance with their agreements with you. This means, for example, that you generally cannot vote on units they hold in the Fund and you do not have cooling off rights in respect of any units they hold in the Fund. Speak with your master trust or wrap account operator to determine whether any cooling off rights are available to you through the service.

We are not responsible for the operation of any master trust or wrap account through which you invest.

Indirect investors complete the application forms for the master trust or wrap account and receive reports from that operator, not from us. The minimum investment, balance and withdrawal amounts may be different. You should also take into account the additional fees and charges of the master trust or wrap account operator. You can however still rely on the information in this PDS. In addition to reading this PDS, you should read the document that explains the master trust or wrap account (called a "guide").

All investors (regardless of whether you hold units in the Fund directly or hold units indirectly via a master trust or wrap account) are able to access Fundhost's complaints procedures outlined in the PDS. For indirect investors, if your complaint concerns the operation of the master trust or wrap, you should contact the master trust or wrap account provider directly.

Keeping you informed

We will:

- confirm every transaction you make;
- soon after June each year send you a report to help you with your tax return;
- each year (around September) make the accounts of the Fund available to you on our website;
- send you your annual statement; and
- notify you of any material change to this PDS and any other significant event as required by law unless you hold units indirectly via a master trust or wrap account.

The Fund has less than 100 investors. When the Fund has 100 investors or more, the Fund will be considered a "disclosing entity" for the purposes of the Corporations Act. This means the Fund will become subject to regular reporting and disclosure obligations. Copies of any documents lodged with ASIC in relation to the Fund may be obtained from, or can be inspected at, an ASIC office. Investors will have a right to obtain a copy, free of charge, in respect of the Fund, of:

- the most recent annual financial report, and
- any half yearly financial report lodged with ASIC after that most recent annual financial report but before the date of this PDS.

Any continuous disclosure obligations we may have will be met by following ASIC's good practice guidance via website notices rather than lodging copies of these notices with ASIC. Accordingly should Fundhost, as responsible entity of the Fund, become aware of material information that would otherwise be required to be lodged with ASIC as part of any continuous disclosure obligations, we will ensure that such material information will be made available as soon as practicable on our website at www.fundhost.com.au. If you would like hard copies of this information, call Fundhost on +61 2 8223 5400 and we will send it to you free of charge.

What about tax?

Investing in a registered managed investment scheme (like the Fund) is likely to have tax consequences and you are strongly advised to seek professional tax advice. Registered managed investment schemes (like the Fund) do not pay tax on behalf of members. Members are assessed for tax on any income and capital gains generated by the Fund.

Paying tax

Depending on your circumstances you may need to pay tax in relation to your investment in the Fund. Generally you will pay income or capital gains tax, but you might be able to claim some tax credits or have the benefits of some concessions.

Your tax liability ultimately depends on your circumstances, for example, whether you are an Australian resident. So it is important that you seek professional advice before you invest or deal with your investment.

We will send you the information you need each year to help you to complete your tax return.

We will generally distribute all net taxable income and capital gains, if any, quarterly. Distributions could comprise:

- income (like dividends and interest);
- net taxable capital gains (from the sale of the Fund's investments); and
- tax credits (like franking credits attached to dividend income and credits for tax paid on foreign income).

Additionally, Australian residents are generally subject to capital gains tax on gains when they withdraw any money or transfer units.

Depending on the kind of taxpayer you are, and how long you have held your units, you may be entitled to a capital gains tax concession which can reduce the liability by up to one half.

If you choose not to provide us with your Tax File Number (**TFN**) or Australian Business Number (**ABN**) and don't have an exemption, we must deduct tax at the highest personal rate, plus the Medicare levy, before passing on any distribution to you. The law is very strict on how we can use these details.

Fundhost has elected to operate the Fund under the Attribution Managed Investment Trust (**AMIT**) regime. As an AMIT the Fund can attribute amounts of income and tax offsets to investors on a fair and reasonable basis. There is also an ability to adjust the cost base of an investor's interest in a Fund upwards or downwards. Ongoing AMIT status is subject to the Fund meeting AMIT eligibility requirements.

The constitution

The constitution establishes the Fund and sets out the rules. Together with this PDS and the law from time to time, it governs your relationship with Fundhost. It gives Fundhost rights to be paid fees and expenses and be indemnified from the Fund. It governs (amongst other things) Fundhost's powers (which are very broad), investor meetings and unit issue, pricing and withdrawal, as well as what happens if the Fund terminates.

The constitution limits Fundhost's need to compensate you if things go wrong. Subject always to any liability which the Corporations Act might impose, if Fundhost acts in good faith and without gross negligence it is not liable in equity, contract, tort or otherwise to investors for any loss suffered in any way relating to the Fund.

The constitution also contains a provision that it alone is the source of the relationship between you and Fundhost and not any other laws (except, of course, those laws that can't be excluded).

Fundhost must have investor approval to make changes to the constitution which are adverse to the rights of investors.

You can obtain a free copy of the Fund's constitution by calling Fundhost on +61 2 8223 5400.

Privacy

We use personal information about you to administer your investment and also to conduct research.

By applying for units in the Fund you consent and agree to information about you being obtained and used by us.

We will collect and use your information in accordance with our Privacy Policy, a copy of which is available free of charge.

If we don't receive required information from you or if the information is incomplete or inaccurate we may not be able to provide you with the products or services you are seeking within the time periods contemplated in the PDS.

Your information will not be disclosed to other parties unless:

- the law requires;
- it is in keeping with our Privacy Policy and may be provided to external service providers including the Fund's custodian, auditors, taxation and legal advisers and information technology consultants; or
- your financial adviser needs the information.

Fundhost or the Investment Manager may also use your personal information to send you promotional material. If you do not want this, please indicate on your application form or contact Fundhost anytime.

Fundhost will disclose information if required by law to do so.

If you believe any of your personal details that Fundhost holds are wrong or out of date please contact Fundhost and we will correct the details. You can also always access the personal information held about you by contacting Fundhost on +61 2 8223 5400.

Anti-money laundering and counter-terrorism financing

In order to meet our obligations under the Anti-Money Laundering and Counter-Terrorism Financing Act (**AML/CTF Act**) or other applicable taxation or reporting legislation, we may require further information from you as to identity, the source of your funds and similar matters. Fundhost is required to verify that information by sighting appropriate documentation.

Records of the information obtained will be kept and may be required by law to be disclosed. Otherwise the information will be kept confidential.

By applying for units in the Fund, you also agree that Fundhost may in its absolute discretion determine not to issue units to you, may cancel units which have been issued to you or may redeem any units issued to you if Fundhost believes such action to be necessary or desirable in light of its obligations under the AML/CTF Act or related legislation and Fundhost will not be liable to you for any resulting loss.

Custodian

NAB's role as custodian is limited to holding the assets of the Fund as Fundhost's agent. NAB has no supervisory role in relation to the operation of the Fund and is not responsible for protecting your interests. NAB has no liability or responsibility to you for any act done or omission made in accordance with the terms of the custody agreement. NAB makes no statement in the PDS and has not authorised or caused the issue of it.

Investments of the Fund do not represent investments in, deposits with or other liabilities of, NAB or any other member of the NAB group of companies (**NAB Group**). Neither NAB, nor any other member of NAB Group, in any way stands behind the capital value, nor do they guarantee the performance of the investment or the underlying assets of the Fund, or provide a guarantee or assurance in respect of the obligations of Fundhost or its related entities.

Consents

Ganes and NAB have each given, and as at the date of this PDS have not withdrawn, their consent to inclusion in the PDS of the statements concerning them in the form and context in which they are included.

Related party transactions and conflicts of interest

In respect of the operation of the Fund, neither Fundhost nor Ganes engages in any related party transactions with any person. All dealings with other parties are at commercial, arms' length terms.

Fundhost has a conflicts of interest policy and register which it maintains in accordance with the law. It seeks to address any conflicts that may arise as part of Fundhost's business and that relate to the Fund.

Existing Investors - Applying for units

If you already have an investment in the Fund and would like to make an additional investment, please complete the Additional Investment Form for Existing Investors on page A17.

You do not need to complete any other documentation.

This Application Form relates to the offer of units in the Ganes Value Growth Fund, pursuant to the Product Disclosure Statement dated October 2019 (PDS), issued by Fundhost Ltd ABN 69 092 517 087, AFSL 233045 as responsible entity of the Fund.

The Corporations Act requires that a person who provides access to the Application Form must provide access, by the same means and at the same time to the PDS. The PDS contains important information about investing in the Fund. You should read the PDS before deciding whether to apply for units.

You should seek professional financial, taxation and legal advice as you deem appropriate, in respect of the Fund before deciding whether to apply for units. If you have received the PDS electronically, Fundhost will provide a paper copy free of charge on request.

We accept signed application forms and certified copies of documents required to identify applicants (Application Documents) by email or fax. We do not require paper copies of Application Documents in order to commence processing your application for units in the Fund. Provided we receive clear and legible copies of your Application Documents by email or fax by the relevant cut off time noted in the PDS, together with your application monies, we will process your application using the unit price effective for the week we receive your application monies and Application Documents by email or fax.

Conditions apply – please see the PDS.

Investor declaration

Investor declaration

I/we request you to issue the units applied for and authorise you to register the applicant(s) as the holder(s) of the units.

I/we declare that the execution of this Application Form by me/us constitutes a representation by each applicant that:

- this Application was detached from a PDS for the Ganes Value Growth Fund dated October 2019.
- the PDS and Application were provided to me/us at the same time.
- I/we read and understood that PDS.
- I/we understand that neither the repayment of capital nor the performance of the Fund is guaranteed.
- I/we agree to be bound by the terms of the PDS and the constitution of the Fund, as amended from time to time, and understand that a copy of the constitution has been made available to me/us for free if I/we wish.
- the details given in this Application are correct.
- I/we will not transfer the units to anyone who does not agree to these things.
- none of the units being applied for will breach or result in a breach of any exchange control, fiscal or other laws or regulations for the time being applicable.
- I/we agree to indemnify Fundhost and any of its related bodies corporate against any loss, liability, damage, claim, cost or expense incurred as a result, directly or indirectly, of any of these declarations proving to be untrue or incorrect.
- the details of my/our investment can be provided to the adviser group or adviser by the means and in the format that they direct.
- in the case of joint applications, the joint applicants agree that unless otherwise expressly indicated on this application form, the units will be held as joint tenants and either Investor is able to operate the account and bind the other investor for future transactions, including additional deposits and withdrawals.
- By choosing to apply for units in the Fund using electronic means, I/we accept full responsibility (to the extent permitted by law) for any loss arising from Fundhost acting upon documents received by email or fax. I/we release and indemnify Fundhost in respect of any liabilities arising from it acting on documents received by email or fax, even if those documents are ultimately found to not be genuine.
I/we agree that neither I/we nor any other person has any claim against Fundhost in relation to a payment processed, units issued or other action taken by Fundhost if it relies on documents received by email or fax.
- I/we understand that by choosing to use the scanned or faxed redemption service, I/we agree to the terms and conditions set out in the PDS (including provision of releases and indemnities in favour of Fundhost).
- If I/we have provided an email address, I/we consent to receive ongoing information (including PDS information, confirmation of transactions and additional information as applicable) by email.
- I/we consent to the transfer of any of my/our personal information to external third parties including but not limited to Fund investment manager(s) and related bodies corporate who are located outside Australia for the purpose of managing and administering the products and services which I/we have engaged the services of Fundhost or its related bodies corporate and to foreign government agencies (if necessary).
- I/we hereby acknowledge and agree that Fundhost have outlined in the PDS and provided to me/us how and where I/we can obtain a copy of Fundhost's Privacy Statement.
- I/we confirm that the personal information that I/we have provided to Fundhost is correct and current in every detail, and should these details change, I/we shall promptly advise Fundhost in writing of the change(s).
- I/we confirm that I/we am/are not a "politically exposed person" for the purposes of the Anti-Money Laundering and Counter-Terrorism Financing Act 2006 (Cth).
- I/we am/are over 18 years of age.
- I/we declare that I am /we are not commonly known by any other names different from those disclosed in this Application.
- I/we declare any documents or information whatsoever used for verification purposes in support of my/our Application are complete and correct.
- I/we confirm that I/we have included, and am/are authorised to provide to you, certified copies of acceptable identification documentation as described in the application form. I/we acknowledge that Fundhost may use this information, as well as online verification services, for compliance with the AML/CTF Act and any tax-related requirements including FATCA. I/we agree that Fundhost may be required to pass on my/our personal information or information about my/our investment to relevant regulatory authorities.

Fundhost would like to keep in touch with you about future investment opportunities that may be of interest.

Please tick this box if you do NOT wish to be contacted for this purpose.

Direct debit request service agreement

The following is your Direct Debit Service Agreement with Fundhost ABN 69 092 517 087. The agreement is designed to explain what your obligations are when undertaking a Direct Debit arrangement with us. It also details what our obligations are to you as your Direct Debit Provider.

We recommend you keep this agreement in a safe place for future reference. It forms part of the terms and conditions of your Direct Debit Request (DDR) and should be read in conjunction with your DDR form.

Definitions

account means the account held at your financial institution from which we are authorised to arrange for funds to be debited.

agreement means this Direct Debit Request Service Agreement between you and us.

banking day means a day other than a Saturday or a Sunday or a public holiday listed throughout Australia.

debit day means the day that payment by you to us is due.

debit payment means a particular transaction where a debit is made.

Direct Debit Request means the Direct Debit Request between us and you.

us or we means Fundhost, (the Debit User) you have authorised by signing a Direct Debit Request.

you means the customer who has signed or authorised by other means the Direct Debit Request.

your financial institution means the financial institution nominated by you on the DDR at which the account is maintained.

1 Debiting your account

(1.1) By signing a Direct Debit Request or by providing us with a valid instruction, you have authorised us to arrange for funds to be debited from your account. You should refer to the Direct Debit Request and this agreement for the terms of the arrangement between us and you.

(1.2) We will only arrange for funds to be debited from your account as authorised in the Direct Debit Request.

or

We will only arrange for funds to be debited from your account if we have sent to the address nominated by you in the Direct Debit Request, a billing advice which specifies the amount payable by you to us and when it is due.

(1.3) If the debit day falls on a day that is not a banking day, we may direct your financial institution to debit your account on the following banking day. If you are unsure about which day your account has or will be debited, you should ask your financial institution.

2 Amendments by us

We may vary any details of this agreement or a Direct Debit Request at any time by giving you at least fourteen (14) days written notice.

3 Amendments by you

You may change, stop or defer a debit payment, or terminate this agreement by providing us with at least fourteen (14) days notification by writing to:

Fundhost

Additional Investment Form For Existing Investors

Additional investment details (continued)

You request and authorise Fundhost USER ID 539381 to arrange, through its own financial institution, a debit to your nominated account the amount specified above payable by you. This debit or charge will be made through the Bulk Electronic Clearing System (BECS) from your account held at the financial institution you have nominated above and will be subject to the terms and conditions of the Direct Debit Request Service Agreement. See page A16.

By signing and/or providing a valid instruction in respect to your Direct Debit Request, you have understood and agreed to the terms and conditions governing the debit arrangements between you and Fundhost as set out in this Request. It is a condition of using direct debit that the Investor accept reasonable delays due to processing. Investors wanting greater control over the timing of their investment should use an alternate payment method. Application funds received by direct debit should only be redeemed to the same bank account. For payment to an alternate bank account, funds will be redeemed and held on trust until proof of ownership of the funds has been established. The bank account to be debited must be in the name of the investment account. Please sign in accordance with account authority on page A13.
