Montgomery Lucent is an active, style-neutral equities manager, seeking high quality, undervalued small and emerging companies with strong growth potential. The Fund typically invests in a portfolio of 30 to 50 company names, with a focus on outperforming the S&P/ASX Small Ordinaries Accumulation Index over a rolling 5 year period. Returns are not guaranteed.

For more information on Montgomery Lucent's investment process, see "How we invest your money".

2 HOW THE FUND WORKS

Mechanics

When you invest in The Fund your money (together with all other investors' monies) is gathered in the one place and invested in assets. We have appointed Montgomery Lucent to manage The Fund. Montgomery Lucent uses its resources, experience and expertise to make the investment decisions.

We have also appointed National Australia Bank Limited (**NAB**) as the independent custodian to hold the assets of The Fund.

Units

The Fund is a "unit trust". This means your interests in The Fund are represented by "units". Certain rights (such as a right to any income and a right to vote) attach to your units. You may also have obligations in respect of your units.

You can increase your units by reinvesting distributions (this will be done automatically unless you tell us otherwise) or by making an additional investment (use the additional investment form to do this), or you can decrease your units by making a withdrawal (simply contact us in writing and tell us how much you need to withdraw). We call this a redemption request. We accept scanned or faxed redemption requests on certain conditions.

§ Each unit has a value which we calculate. When you invest, we issue you a number of units depending on the amount you invest. Similarly, when you withdraw from The Fund, we calculate your withdrawal proceeds by reference to the number and value of units you hold at the time of withdrawal. Generally, the price of units will vary as the market value of assets in The Fund rises or falls.

§ Investing and withdrawing

To invest in The Fund, use the paper or online application form accompanying this PDS. The following minimum transactions, balance requirements and processing rules generally apply (although we may vary or waive them at our discretion and without notice):

MINIMUM INITIAL INVESTMENT	\$25,000
MINIMUM ADDITIONAL INVESTMENT	\$5,000 or \$500 per month as a monthly direct debit savings plan

MINIMUM WITHDRAWAL	\$1,000
MINIMUM BALANCE	\$5,000
UNIT PRICING FREQUENCY	Each business day.
APPLICATIONS AND WITHDRAWALS PROCESSING	If we receive your correctly completed application and monies or a correctly completed redemption request, then we generally process these each business day using the unit price effective for that day. If your request is received before 4pm Sydney time it will be processed using the unit price effective for that day. If your request is received after this time, or on a non-business day, it is treated as having been received before 4pm Sydney time the next business day. If you are making monthly direct debit contributions, refer to section 8 "How to Apply" for more information.

§ Delays

Normally once we approve your redemption (usually this happens within 5 business days of receipt of your redemption request), we process the request within 5 business days (although the constitution for The Fund allows us 180 days), and pay funds to your account.

In certain circumstances, such as a freeze on withdrawals or where The Fund is illiquid (as defined in the Corporations Act), you may have to wait a longer period of time before you can redeem your investment.

If The Fund is not sufficiently liquid then you will only be permitted to withdraw if we make a withdrawal offer to all investors in accordance with The Fund constitution and Corporations Act.

§ Compulsory redemptions

In some circumstances we may also compulsorily redeem your units, for example, where we suspect that a law prohibits you from being an investor in The Fund.

§ Distributions

Any income distributions are paid annually (as at 30 June each year) and can be reinvested in full or paid out entirely to the financial institution account nominated on your application form. You can indicate your choice on the application form. If you do not make a choice, then distributions will be reinvested. Any distributions reinvested are reinvested at the ex-distribution mid-price.

Distribution payments are typically made within 20 business days after the end of the distribution period. Distributions will not be paid by cheque.

We generally calculate income distributions based on The Fund's net income at the end of the distribution period divided by the number of units on issue.

We distribute all taxable income to investors each year, including any taxable capital gains. Distributions may also carry imputation or other tax credits.

You should read the following important information before making a decision to invest in The Fund: § "Investing and withdrawing". Go to Part A of the Information Booklet available at www.fundhost.com.au. Note the information may change between the time when you read this PDS and the day when you acquire the product.

3 BENEFITS OF INVESTING IN THE FUND

The objective of the Fund is to outperform the S&P/ASX Small Ordinaries Accumulation Index over a rolling 5 year period. Returns are not guaranteed.

§ Significant benefits

There are many benefits of investing in The Fund. Some of the significant benefits include:

- the potential to generate capital growth over the medium to longer term as well as income from its investment in listed stocks
- access to the investment expertise of Montgomery Lucent
- access to a proprietary approach to fundamental research
- access to a high conviction portfolio that individual investors usually cannot achieve
- generally, you can add to or withdraw your investment daily
- the right to receive any distributions we make from The Fund and
- having clear legal rights through a robust corporate governance structure.

For an updated performance summary visit www.fundhost.com.au. Past performance is not a reliable indicator of future results.

You should read the following important information before making a decision to invest in The Fund: § "Benefits of investing in The Fund". Go to Part B of the Information Booklet available at www.fundhost.com.au. Note the information may change between the time when you read this PDS and the day when you acquire the product.

4 RISKS OF MANAGED INVESTMENT SCHEMES

All investments carry risk. Different strategies may carry different levels of risk, depending on the assets that make up the strategy. Assets with the highest long-term returns may also carry the highest level of short-term risk.

§ Significant risks

The significant risks of The Fund include:

- **Concentration risk:** The Fund typically invests in a relatively concentrated portfolio of 30 to 50 small and emerging companies listed on the ASX and NZX. The value of The Fund's investments may be more affected by any single adverse economic, political or regulatory event than a more diversified portfolio.
- **Counterparty risk:** Losses can be incurred if a counterparty (such as a broker) defaults on their contractual obligations or experiences financial difficulty.
- **Cyber risk:** There is a risk of fraud, data loss, business disruption or damage to the information of The Fund or to investors' personal information as a result of a threat or failure to protect the information or personal data stored within the IT systems and networks of the responsible entity or other service providers.
- **Fund risk:** The Fund could terminate (for example, at a date we decide), fees and expenses could change (although we would give you at least 30 days' notice where practicable if fees were to increase), we could be replaced as responsible entity and our management and staff could change. Investing in The Fund may give different results than investing individually because of accrued income or capital gains and the consequences of others investing and withdrawing.
- **Interest rate risk:** The capital value or income of a security held by The Fund may be adversely affected by interest rate movements.

- **International investment risk:** The Fund may invest in companies listed on the NZX which may give rise to foreign currency exposure. The relative strength or weakness of the Australian dollar against other currencies will affect The Fund's performance and The Fund may have less protection under laws outside of Australia.
- **Investment management risk:** There is a risk that Montgomery Lucent will not perform to expectation or factors such as changes to the investment team may affect The Fund's performance.
- **Liquidity risk:** Access to your money may be delayed (see Section 2 "How The Fund works" and "Delays"). Overall market liquidity can make it difficult to trade profitably and to realise assets in a timely fashion to meet withdrawal requests. Units in The Fund are not quoted on any stock exchange so you cannot sell them through a stockbroker.
- **Market risk:** Economic, technological, political or legal conditions, interest rates and even market sentiment, can (and do) change, and these changes can affect the value of the investments in The Fund.
- **Regulatory risk:** The value or tax treatment of The Fund or its investments, or the effectiveness of The Fund's investment strategy, may be adversely affected by changes in government (including taxation) policies, regulations and laws affecting registered managed investment schemes, or changes in generally accepted accounting policies or valuation methods.
- **Small companies risk:** Small companies generally have less diversified income streams, less stable funding sources and weaker bargaining positions with their counterparties when compared to larger companies. The securities of small companies may also be less liquid than those of larger companies.

§ Risks applicable to managed funds generally

Other significant risks relevant to many managed funds include the value of investments will vary, the level of returns will vary, future returns may differ from past returns, and returns are not guaranteed. You may lose your money.

The level of risk for each person will vary depending on a range of factors, including age, investment time frames, where other parts of your wealth are invested and your risk tolerance. These risks can be managed but cannot be completely eliminated. You can adopt tools to help you manage your own risk.

You should read the following important information before making a decision to invest in The Fund: § "Risks in general". Go to Part C of the Information Booklet available at www.fundhost.com.au. Note the information may change between the time when you read this PDS and the day when you acquire the product.

5 HOW WE INVEST YOUR MONEY

§ You should consider the likely investment return, risk and your investment timeframe when choosing a fund to invest in.

FUND DESCRIPTION	The Fund typically invests in a portfolio of 30 to 50 company names listed on the ASX (outside the top 100) and NZX. Montgomery Lucent is an active style-neutral equities manager seeking high quality, undervalued, small and emerging companies with strong growth potential.																
INVESTMENT RETURN OBJECTIVE	The Fund aims to outperform the S&P/ASX Small Ordinaries Accumulation Index over a rolling 5 year period. Note the investment return objective is not intended to be a forecast. It is merely an indication of what The Fund aims to achieve over the medium to longer term on the assumption that equity markets remain relatively stable throughout the investment term. The Fund may not be successful in meeting this objective. Returns are not guaranteed.

You should read the following important information before making a decision to invest in The Fund: § "How we invest your money". Go to Part D of the Information Booklet available at www.fundhost.com.au. Note the information may change between the time when you read this PDS and the day when you acquire the product.

6 FEES AND COSTS

DID YOU KNOW?

Small differences in both investment performance and fees and costs can have a substantial impact on your long term returns.

For example, total annual fees and costs of 2% of your account balance rather than 1% could reduce your final return by up to 20% over a 30 year period (for example, reduce it from \$100,000 to \$80,000).

You should consider whether features such as superior investment performance or the provision of better member services justify higher fees and costs.

You may be able to negotiate to pay lower fees. Ask The Fund or your financial adviser.

TO FIND OUT MORE

If you would like to find out more, or see the impact of the fees based on your own circumstances, the Australian Securities and Investments Commission (ASIC) website (www.moneysmart.gov.au) has a managed funds fee calculator to help you check out different fee options.

Information in the following table can be used to compare costs between different managed funds. Generally, fees and costs may be paid directly from your investment returns or from The Fund's assets as a whole.

TYPE OF FEE OR COST	AMOUNT
Fees when your money moves in or out of The Fund[^]	
Establishment Fee	Nil
Contribution Fee	Nil
Withdrawal Fee	Nil
Exit Fee	Nil
Management costs^{^^} - The fees and costs for managing your investment, including:	
Responsible Entity Fee (payable to Fundhost)	0.15% pa
Investment Management Fee ^{^^^} (payable to Montgomery Lucent)	1.03% pa
Custody Fee (payable to NAB)	0.02% pa
Performance Fee (payable to Montgomery Lucent)	17.94% of the amount by which The Fund outperforms its Benchmark (being the S&P/ASX Small Ordinaries Accumulation Index), after other fees and expenses have been deducted and achieves positive performance.
Ordinary expenses* (payable from The Fund)	0.04% pa
Abnormal expenses* (if incurred, payable from The Fund)	Nil
Indirect costs* (if incurred, payable from The Fund's assets)	0.00% pa

[^]Buy-sell spreads apply when you invest in The Fund and when you redeem from The Fund. See "Additional explanation of fees and costs" for more detail.

^{^^}All fees are expressed as a percentage of net asset value of The Fund excluding accrued fees.

^{^^^}The amount of this fee can be negotiated with wholesale clients and a rebate applies to investors who join before 13 December 2019. Refer to Part E of the Information Booklet for more details.

Any item marked with an asterisk () is an estimate. Please refer to our website for any updates on these estimates which are not considered to be materially adverse from a retail investor's point of view.

For information on service fees, please see "Additional explanation of fees and costs".

Example of annual fees and costs

This table gives an example of how the fees and costs for The Fund can affect your investment over a one-year period. You should use this table to compare The Fund with other managed investment products.

EXAMPLE	BALANCE OF \$50,000 INCLUDING A CONTRIBUTION OF \$5,000 DURING THE YEAR	
CONTRIBUTION FEES	Nil	For every additional \$5,000 you put in, you may be charged \$0.
PLUS MANAGEMENT COSTS OF 1.23% PA COMPRISING:		And, for every \$50,000 you have in The Fund you will be charged \$617 each year, comprising:
Responsible Entity Fee	0.15% pa	\$77
Investment Management Fee	1.03% pa	\$513
Custody Fee	0.02% pa	\$8
Performance Fees*	Nil	\$0
Ordinary expenses*	0.04% pa	\$20
Abnormal expenses*	Nil	\$0
Indirect costs*	Nil	\$0
EQUALS COST OF THE FUND	1.23%	If you had an investment of \$50,000 at the beginning of the year and you put in an additional \$5,000 during that year, you would be charged fees of \$617 each year. What it costs you will depend on the fees you negotiate.

When calculating management costs in this table, the law says we must assume that the value of your investment remains at \$50,000 and The Fund's unit price does not fluctuate. Management costs actually incurred will depend on the market value of your investment and the timing of your contributions (including any reinvestment of distributions). The example assumes no abnormal expenses are incurred, no service fees are charged and that fees are not individually negotiated. The example also assumes no performance fee is payable as The Fund is new and we can't predict how we or the Benchmark will perform. The fact that no performance fee is shown is not a representation of likely future performance. The actual performance fee and therefore the total management costs in the future will depend on the performance of Montgomery Lucent relative to the Benchmark. Totals may appear incorrect due to rounding.

Any item marked with an asterisk () is an estimate. Please refer to our website for any updates on these estimates which are not considered to be materially adverse from a retail investor's point of view.

If you would like to calculate the effect of fees and costs on your investment you can visit the ASIC website (www.moneysmart.gov.au) and use their managed investment fee calculator.

§ Additional explanation of fees and costs

About management costs

The Management Costs include Fundhost's fees, Montgomery Lucent's fees, custody fees, performance fees, ordinary and abnormal expenses and any indirect costs. Fees payable to Fundhost and Montgomery Lucent are calculated and accrued daily based on the net asset value of The Fund excluding accrued fees and are paid monthly in arrears. Management Costs paid out of Fund assets reduce the net asset value of The Fund and are reflected in the unit price. Management Costs exclude transaction costs (i.e. costs associated with investing the underlying assets, some of which may be recovered through buy-sell spreads). Management costs, excluding performance fees and abnormal expenses, are capped at 1.23% pa.

Indirect costs form part of Management Costs and include fees and expenses arising from any investment which qualifies as an interposed vehicle (e.g. any underlying fund that The Fund may invest in) and certain OTC derivative costs. The Fund's indirect costs are estimated to be Nil. Actual indirect costs for future years may differ.

The ordinary expenses for The Fund are estimated to be 0.04% per annum of the net assets of The Fund. These are the ordinary and every day expenses incurred in operating The Fund and are deducted from the assets of The Fund as and when they are incurred. The constitution of The Fund provides that expenses incurred by us in relation to the proper performance of our duties in respect of The Fund are payable or reimbursable out of the assets of The Fund and are unlimited. We reserve the right to recover abnormal expenses from The Fund. Abnormal expenses are expected to occur infrequently and may include (without limitation) costs of litigation to protect investors' rights, costs to defend claims in relation to The Fund, investor meetings and termination and wind up costs.

Performance fee

A Performance Fee is payable to Montgomery Lucent in respect of each 6 monthly period ending 30 June or 31 December when the investment performance of The Fund has exceeded the

Benchmark and achieved positive performance.

The Performance Fee is 17.94% of the total return of The Fund after management fees and expenses have been deducted, that is in excess of the Benchmark return, and is calculated daily and paid semi-annually in arrears. When the total return of The Fund is less than the Benchmark return, no performance fee is payable. No performance fee is payable until any previous periods of underperformance have been made up.

When the absolute return of The Fund is negative but The Fund has performed better than the Benchmark, the relative outperformance of The Fund in percentage terms is carried forward to ensuing period(s).

Transactional and operational costs

Transactional and operational costs are estimated to be 0.30% pa. They include brokerage, settlement costs, bid-offer spreads on investments and currency transactions and borrowing, clearing and stamp duty costs. When you invest in The Fund, Montgomery Lucent may buy investments, and incur these costs. When you withdraw, Montgomery Lucent may sell investments so we can pay your cash to you, and incur these costs. These costs are also incurred in connection with day to day trading within The Fund.

Some of these costs are recovered through the buy-sell spread. A buy-sell spread is an adjustment to the unit price reflecting our estimate of the transaction costs that may be incurred as a result of the purchase/sale of assets arising from the buying/selling of units. This adjustment ensures that existing investors do not pay costs associated with other investors acquiring/ withdrawing units from The Fund. The buy-sell spread is reflected in the buy/sell unit price. Currently, our buy-sell spread is estimated to be 0.60% of the unit price (that is +0.30% on the entry price and -0.30% on the exit price). So if the net asset value of each unit is \$1.00, on entry we adjust the unit price up approximately 0.30% (up 0.30 cents) and on exit we adjust the unit price down approximately 0.30% (down 0.30 cents).

The buy-sell spread is not paid to Fundhost or Montgomery Lucent. Because the buy-sell spread is reflected in the buy/sell unit prices, you won't see transaction costs on any account statement we send you.

We expect the total transactional and operational costs to vary from year to year as they will be impacted by the Fund's volume of trading, brokerage arrangements and other factors. We expect the amount recovered through the buy-sell spread to vary from year to year as it will be impacted by the volume of applications and withdrawals and any changes in the buy-sell spread for the Fund.

Service fees

If you need Fundhost to do something special for you, we may charge you a fee. These special fees vary depending on what you ask us to do.

Can the fees change or be updated?

Yes, all fees can change. Reasons might include changing economic conditions and changes in regulation. However, we will give you 30 days' written notice of any increase to fees where practicable. The constitution for The Fund sets the maximum

amount we can charge for all fees. If we wished to raise fees above the amounts allowed for in The Fund's constitution, we would need the approval of investors.

Please refer to our website for any updates on our estimates of any fees and costs (including indirect costs and transactional and operational costs) which are not considered to be materially adverse from a retail investor's point of view. Remember, past performance is not an indicator of future performance and any fee or cost for a given year may not be repeated in a future year.

Adviser remuneration

No commissions will be paid by us to financial advisers. Additional fees may be paid by you to your financial adviser if one is consulted. You should refer to the Statement of Advice they give you in which details of the fees are set out.

You should read the following important information before making a decision to invest in The Fund: § "Additional explanation of fees and costs". Go to Part E of the Information Booklet available at www.fundhost.com.au. Note the information may change between the time when you read this PDS and the day when you acquire the product.

7 HOW MANAGED INVESTMENT SCHEMES ARE TAXED

§ Investing in a registered managed investment scheme (like The Fund) is likely to have tax consequences and you are strongly advised to seek professional tax advice.

Registered managed investment schemes (like The Fund) do not pay tax on behalf of unit holders. Unit holders are assessed for tax on any income and capital gains generated by The Fund.

You should read the following important information before making a decision to invest in The Fund: § "Paying tax". Go to Part F of the Information Booklet available at www.fundhost.com.au. Note the information may change between the time when you read this PDS and the day when you acquire the product.

8 HOW TO APPLY

How to invest

You generally need to invest at least \$25,000 initially. Use the paper or online application form accompanying this PDS. The application form contains detailed instructions and will ask you to provide the identification documents required under the Anti-Money Laundering and Counter Terrorism Financing Act 2006 (AML CTF Act). We do not earn interest, nor do we pay you interest on application monies held, prior to the time we issue units to you.

Additional investments can be made at any time in writing, generally the minimum amount for additional investments is \$5,000.

You may also arrange to add to your initial investment by applying for our direct debit monthly savings plan, requiring a minimum investment of \$500 per month, this is processed on the 15th of each month or the next business day. To apply for this, fill out the direct debit instruction in the application form and see the Terms and Conditions.

Cooling off

If you decide that you don't want the units we have issued you in The Fund, we must repay your money to you.

We are allowed to (and generally do) make adjustments for market movements up or down, as well as any tax and reasonable transaction and administration costs. For example, if you invest \$25,000 and the value of the units falls by 1% between the time you invest and the time we receive notification that you wish to withdraw your investment, we may charge you on account of the reduced unit value and you would incur a buy spread of +0.30% and a sell spread of -0.30%. This means that \$24,602 would be transferred from The Fund back to you.

If you change your mind, you have 14 days to tell us, starting on the earlier of when we send you confirmation that you are invested or the end of the 5th day after the day on which we issue the units to you.

This right terminates immediately if you exercise a right or power under the terms of the product, such as transferring your units or voting on any units held by you. For any subsequent investments made under a distribution reinvestment plan, cooling off rights do not apply.

- o the current size of The Fund,

then ask your financial adviser or go to www.fundhost.com.au.

Your financial adviser will give you paper copies of the information free of charge. You can always call us, our details are at the beginning of this PDS. Again, up to date information is always free of charge.

Don't forget that any past returns are just that, just because they happened doesn't mean they will happen again. Returns are volatile and may go up and down significantly and sometimes quickly.

Investing via an IDPS

When you invest via an IDPS, it is the IDPS operator which becomes the investor in The Fund (not you). It follows that the IDPS operator has the rights of an investor and can exercise them (or not) in accordance with their arrangements with you. This means for example, that you generally cannot vote on units held in The Fund and you do not have cooling off rights in respect of any units held in The Fund. Speak with the IDPS operator to determine whether any cooling off rights are available to you through the service.

We are not responsible for the operation of any IDPS through which you invest.

Indirect investors complete the application forms for the IDPS and receive reports from that operator, not from us. The minimum investment, balance and withdrawal amounts may be different. You should also take into account the fees and charges of the IDPS operator as these will be in addition to the fees paid in connection with an investment in The Fund.

You can rely on the information in this PDS. In addition to reading this PDS, you should read the document that explains the IDPS.

All investors (regardless of whether you hold units in The Fund directly or hold units indirectly via an IDPS) are able to access Fundhost's complaints procedures outlined above. For indirect investors, if your complaint concerns the operation of the IDPS you should contact the IDPS operator directly.

Keeping you informed

We will:

- o confirm every transaction you make (except savings plan transactions)
- o soon after June each year send you a report to help you with your tax return
- o each year (around September) make the accounts of The Fund available to you on our website
- o send you your annual statement and
- o notify you of any material changes to this PDS and any other significant event as required by law.

Once The Fund has 100 investors or more, it will be considered a "disclosing entity" for the purposes of the Corporations Act. This means The Fund is subject to regular reporting and disclosure obligations. Copies of any documents lodged with ASIC in relation to The Fund may be obtained from, or can be inspected at, an ASIC office. Investors have a right to obtain a copy, free of charge, in respect of The Fund, of the most recent annual financial report and any half-yearly financial report lodged with ASIC after that most recent annual financial report.

When Fundhost becomes aware of material information, we will ensure that this will be made available as soon as practicable on our website www.fundhost.com.au.

If you would like hard copies of this information, call Fundhost on + 61 2 8223 5400 and we will send it to you free of charge.

§ Privacy

We use personal information about you to administer your investment and also to conduct research.

§ AML CTF Act

In order to meet our obligations under the AML CTF Act or taxation legislation, we may require further information from you as to identity, the source of your funds and similar matters. Fundhost is required to verify that information by sighting appropriate documentation.

Consents

Montgomery, MGIM Pty Ltd, Montgomery Lucent and NAB have each given, and as at the date of this PDS have not withdrawn, their consent to inclusion in the PDS of the statements concerning each of them in the form and context in which they are included. NAB's role as custodian is limited to holding the assets of The Fund as Fundhost's agent. NAB has no supervisory role in relation to the operation of The Fund and is not responsible for protecting your interests.

§ Information for New Zealand investors

This offer to New Zealand (NZ) investors is a regulated offer made under Australian and NZ law and is principally governed by Australian rather than NZ law. There are differences in how securities are regulated under Australian law. The rights, remedies, and compensation arrangements that apply to Australian securities may differ to those available for investments in NZ securities.

You should read the following important information before making a decision to invest in The Fund: § "Privacy", § "Anti-money laundering" and § "Information for New Zealand investors". Go to Part G of the Information Booklet available at www.fundhost.com.au. Note the information may change between the time when you read this PDS and the day when you acquire the product.
